New Distress In Mine Ranks

SENATE RULES CHANGE DRIVE OPENED ANEW

Vice President Says Owes Apology To Senator Copeland Following Attacks On Presiding Officer By New Yorker And Reed Of Missouri.

WASHINGTON, Jan. 20.—(By the Associated Press.)—After two senators had assailed him today from the senate floor for criticising senate procedure, Vice President Dawes issued a statement saying he owed an apology to one of them, Senator Copeland, democrat of New York, and had intended his criticism to apply generally to certain tactics used in the world court debate.

The controversy started when the vice president said in a radio speech last night that a fresh example of the need for senate rules revision had been furnished by debate on the World court. He mentioned insertion of a magazine article in the record while such important legislation as the tax bill waited.

Senator Reed, democrat, Missouri, who had given the senate clerk a magazine article yesterday for reading, opened an anti-World court speech today, with pointed references to the radio address, but General Dawes replied from the presiding officer's rostrum that he had been referring to Senator Copeland.

Copeland Resents.

The New York senator then said the reference as applied to him was "inaccurate," as several newspaper clippings offered by him for the record yesterday had been accepted without reading.

It was two hours later that General Dawes made his explanation in the form of the following statement:

"I owe Senator Copeland an apology. He has not attempted to obstruct the progress of the senate in the World court debate.

"My references in my short, extemporaneous speech made last night over the radio were with regard to certain kinds of tactics used at times during the World court debate, and not to yesterday's proceedings alone. The newspaper reports of it must have been suggested by the written introductory speech of Gen. James G. Harbord referring specifically to yesterday's proceedings.

Reed Resumes Speech.

WASHINGTON, Jan. 20.—(By the Associated Press.)—From the presiding officer's dais in the senate chamber, Vice President Dawes today engaged in an exchange with Senator Reed, democrat, Missouri, over vice presidential strictures on

NEBRASKA MEN GET NO RELIEF

Cases Of Ray Lower And Riley Smith Dismissed In Federal Court.

Ray Lower and Riley Smith, two Saunders county men serving terms in the state penitentiary, the former for embezzling funds of the old Valparaiso State bank while acting as its cashier, the latter for robbing a bank at Ithaca, have been turned down by the United States supreme court on their attempt to have that tribunal set aside their convictions in the courts of Nebraska.

Mandates from Washington in both cases have reached Clerk Lindsay of the state supreme court, ordering the writs of error taken by both men dismissed.

Lower is under six consecutive sentences of 1 to 7 years each on as many specific counts of which the jury found him guilty in his second trial. He must serve not less than 6 years and is subject to a maximum of 42.

Smith's term is 20 years flat. He will have to remain in prison 12 years if he gets the benefit of all good time allowances, unless he is given a commutation or pardon.

President Pearson Of Iowa State Will Relinquish His Post

DES MOINES, Jan. 20. — (AP) — President R. A. Pearson of Iowa State College of agricultural and mechanical arts has submitted his resignation to the board, effective September 1.

Although three persons identified with college and state affairs late last night refused to confirm the fact that a resignation had been submitted, one who requested that his name be withheld until formal announcement has been made, stated that the resignation had been submitted verbally to the board Monday night before Mr. Pearson left to speak at Champaign-Urbana, Ill.

Tax Reduction Bill Presented To The Senate

WASHINGTON, Jan. 20.—(By the Associated Press.)—The tax reduction bill was formally presented to the senate today by its finance committee.

Chairman Smoot, however, had not completed the report on the compromise measure worked out by the committee, and he said he would not ask the senate to take up the bill before Monday.

If a definite agreement has been reached by then for a vote on the World court, the chairman has said he would hold up the bill until that time.

THREE DEAD IN FLORIDA BLAST

Negro Women Lose Lives And Others Hurt When Dynamite Explodes.

CORAL GABLES, Fla., Jan. 20.—(By the Associated Press.)—Three negro women were killed, David F Coxwell, a white man, probably fatally injured and five negroes hurt here today when a box of dynamite exploded on an automobile truck.

No Cross-Quizzing Disappoints Randall

"They didn't treat me right down there," declared Railway Commissioner C. A. Randall of Nebraska, upon his return from Kansas City after testifying there in the interstate commerce commission hearing on the railroad's request for higher freight rates. Randall went there armed with a set of figures showing that net earnings on three Nebraska farms which he owns did not average more than 2 or 3 per cent during the last four years.

"What's the matter; wouldn't they let you put in your figures?" was asked by a reporter.

"Oh, yes, I got my direct testimony in all right," replied the commissioner. "But the measly railroad counsel didn't cross-examine me on them. All he did was to ask if I wasn't a member of the state railway commission, and if it didn't have an application pending before it for an increase of rates in Nebraska. I didn't even get to answer that, as counsel for the western states immediately objected and the objection was sustained."

Randall said that he was "loaded" for the cross-examination and he was anxious to have some questions asked him.

Doesn't Know How Wrist Was Broken

(Special to The Star).

PALMYRA, Neb., Jan. 20.—Fred H. Haley, prominent citizen of this place, received a broken wrist in some unknown manner, and did not know it until the pain awakened him in the middle of the night Tuesday. It did not trouble him when he retired, and he does not recall any accident that would have caused it, except that his Ford kicked when he cranked it Tuesday afternoon. It was necessary for him to go early this morning to a physician, who, after examination, pronounced the wrist broken. It is the right arm.

Firemen Of David City At Banquet

(Special to The Star.)

DAVID CITY, Neb., Jan. 20.—The annual banquet of the David City volunteer fire department was held in the Commercial club rooms on Monday evening. Plates were served for 110 persons. The banquet was served in four courses. A splendid program followed the banquet.

DAVIS SAYS NO TO SEPARATE AIR SERVICE

War Department Head Officially Reiterates For Third Time In Year Opposition to Equality With Army and Navy.

AGREES WITH FINDINGS PRESIDENT'S AIR BOARD

Secretary Gives Special Weight to View Of General Pershing That Aviation Is An Integral Arm Of Other Branches.

WASHINGTON, Jan. 20.—(By the Associated Press.)—The war department today officially reiterated for the third time within a year its opposition to the proposal to give the airplane coequal status with land and sea armaments.

Secretary Davis, appearing before the house military committee, summed up the position of the department on the question thus: "Our answer is no."

Called to give his own and the department's view on a bill to create a department of national defense, the secretary said agreed with the findings of the president's air board and quoted the following paragraphs from its report:

"We do not recommend a department of national defense either as comprising the army and the navy or as comprising three co-ordinate departments of army, navy and air. The disadvantages outweigh the advantages."

Views Duplicated.

The secretary's testimony duplicated to a large extent his views as set forth before the air board and also those expressed by his predecessor, Secretary Weeks, before the house aircraft committee of the last congress.

Mr. Davis said his opposition to the proposed department resulted from a careful analysis of the re-

ASK CONGRESS AID FARMERS

Nebraska Board Favors Legislation For the Benefit Of Agriculture and Missouri River Navigation Project.

AGAINST INCREASE IN FREIGHT RATES

President Purcell, Secretary Jackson Re-elected and Four New Members Of Board Of Managers State Fair Named.

Congressional legislation for the benefit of agriculture, and the Missouri river navigation project, each received the unanimous endorsement of the Nebraska state board of agricultural in resolutions adopted by the members of that organization at the close of the annual meeting here Tuesday morning. A third resolution opposing any increase of freight rates, now being asked by the railroads, on to the products of agriculture was also adopted.

The adoption of these three resolutions and the election of officers for the coming year formed the most important business of this closing session. Emerson R. Purcell, Broken Bow, the present incumbent, was re-elected president of the board. George Jackson, who has been secretary of the board and manager of the state fair during the last year, was also re-elected. Other officers re-elected are Thomas Wake, Seward, first vice-president; A. J. Weaver, Falls City, second vice-president; and W. B. Banning of Union, treasurer.

Four members of the board of managers, aside from the officers, were named by President Purcell as follows: A. W. Lamb, Albion; Perry Reed, Henderson; Ira D. Tolen, Ord and A. M. Miller of Kennard. All of these men were formerly members of the board of managers with the exception of A. H. Miller who succeeds Jacob Sass of Chalco.

The following members of the state board of agriculture were also elected:

W. B. Banning, Cass; Jacob Sass, Sarpy; E. R. Purcell, Custer; T. B. Keedle, Kearney; Perry Reed, Hamilton; H. J. McLaughlin, Hall; W. T. Parkinson, Pawnee; A. H. Miller, Washington; R. Wilde, Nance; Con McCarthy, York; L. C. Chapin, Lancaster; J. A. Boyd, Buffalo; A. W. Atkins, Morrill; and Jesse Golder, Dodge. Mr. Golder is the

Re-elected State Fair Officials

EMERSON R. PURCELL.

GEORGE JACKSON.

Mr. Purcell was again chosen president and Mr. Jackson secretary of the state board of agriculture at the annual meeting in Lincoln Wednesday morning.

TOMSON OFFERS STATE SLOGANS

Tells Realtors Nebraska's Resources Are Greater Than Oil.

No other state in the union is so completely independent agriculturally as Nebraska, Frank D. Tomson, told the members of the Lincoln Real Estate board at their luncheon Wednesday noon at the chamber of commerce. This, is true, he said "because there is combined within her borders extensive orchard and intensive farm production, unsurpassed range areas for beef production, three great live stock markets at its eastern border, short haul with corn roughage produced in balanced proportions."

Mr. Tomson declared that should word go out over the nation that an oil gusher had been developed here, people from all corners of the United States would flock to Nebraska. But they do not come that way to take advantage of our resources which are greater than oil, he added.

What Nebraska needs is some advertising, he said, and suggested the following as slogans:

Nebraska, the state of balanced production.

Nebraska, the state of dependable production.

Nebraska resources have only been partially uncovered.

The greatest years for Nebraska are yet ahead.

Though one of the newest Nebraska is one of the foremost agricultural states.

Nebraska has no bonded indebtedness.

Nebraska doesn't owe the world a penny.

We have solved the problem of illiteracy in Nebraska—we ain't got any.

Nebraska has only begun. Come and grow up with us.

The new capitol tower will stand as a beacon light beckoning the world hither.

How marvelously we have come through the reconstruction period in Nebraska.

WINTER WEATHER AGAIN PREVAILS

Snow In Lincoln And At Other Points In State; Temperatures Lower.

Over a half inch of snow had fallen in Lincoln Wednesday noon following the 20 degree drop in temperature Tuesday night from the spring-like weather of the past few days.

General reports from over the state were not available but snow was falling at a number of points through the territory of the Lincoln Telephone and Telegraph company Wednesday morning. The storm was coming from the west, where snow had been reported in Colorado and Wyoming Tuesday night.

The cold wave, which has now spread over the Missouri and upper Mississippi valleys, bringing below zero temperatures in the Dakotas, Minnesota and western Canada, would continue Thursday, the weather bureau forecast said. A half foot of snow was reported in Dakota and Minnesota Tuesday night The storm had spread as far south as Oklahoma and northern Texas, the weather bureau said.

The minimum in Lincoln Tuesday night was 8 above. At 7 a. m. the mercury had touched 10, and at noon it was 13 above.

Valentine reported a minimum of zero for Tuesday night. Other low marks were: Omaha, 6; Sioux City, 2; North Platte, 12. Only traces of precipitation were reported Wednesday morning.

HARDENBROOK IS AGAIN PRESIDENT

Ord Man Chosen Head Of Association Of County Attorneys.

GRAND ISLAND, Neb., Jan. 20.—(AP)—Bert M. Hardenbrook of Ord, was re-elected president of the Nebraska County Attorneys association and R. P. Kepler of Sidney and Henry J. Beal of Omaha, as first and second vice presidents, respectively. George G. Wertz of Schuyler and Will C. Heelan of Valentine, were re-elected secretary and treasurer, respectively.

Decision on the place of meeting in 1927 will be left to a committee, the president said.

The first known constitution of the association was unanimously adopted at noon Wednesday and it briefly summarizes the purpose of the organization as follows: ". . . to encourage respect for law and assist in educating public opinion to favor more strict enforcement of law, and for the promotion of the administration of justice according to law . . ."

Coolidge Plans Safety Meet

WASHINGTON, Jan. 20.—(AP)—President Coolidge today asked the governors of all states to appoint delegations to a national conference on street and highway safety here, March 23, 24 and 25.

Favors Reparation For Lincoln Firm

The traffic bureau of the chamber of commerce received telegraphic advice from its Washington attorney Wednesday that the tentative report of the interstate commerce commission examiner recommends reparations claimed by the Foster Lumber company in a formal complaint lodged with the commission by the bureau.

The complaint involved shipments of lumber from the Pacific coast to destinations in central western states. The difference in the rate charged and that asked amounts to a large sum, Mr. Whitten said. He believes the commission will approve the recommendation of the examiner.

Theater Concern Is Incorporated

Harry L. Goldberg, W. R. McFarland, Louis and Sam Epstein, all of Omaha, have formed the Nebraska Theaters corporation with the headquarters in that city. Its articles were filed Wednesday in the secretary of state's office. Capital stock may be issued up to the amount of $100,000. Both dramatic and moving picture activities are contemplated.

Physician Appeals $5,000 Damages

Dr. B. B. Davis, Omaha physician and surgeon, has taken an appeal to the state supreme court from a verdict and judgment for $5,000 which Leroy Stohlman obtained against him in Lancaster county for alleged unskillful treatment of an infection in the plaintiff's right thigh bone, which, the plaintiff asserted, left the leg stiff, shortened and permanently disabled. Stohlman asked for $20,000 damages.

AUTO COLLISION

An automobile driven by M. H. Reed, 224 North Eighteenth street skidded into a car operated by Ray Smith, 1526 N street at Nineteenth and Q streets at 12:40 Wednesday afternoon, according to a police report. The machines were damaged but no one was hurt.

BIG HOTEL AT CHICAGO MAY BE PADLOCKED

Federal Dry Men Reported To Have Gathered Evidence Under Which Effort Will Be Made To Close $10,000,000 Morrison.

CONSPIRACY CLAIMED BY HOSTELRY OWNER

Imported Monocled Investigator From England Plays Leading Part In The Obtaining Of Evidence Against Two Employes.

CHICAGO, Jan. 20.—(By the Associated Press.)—Federal prohibition agents, working under cover, were reported by the Tribune today to have gathered evidence under which an attempt will be made to padlock the $10,000,000 Morrison hotel, tallest hostelry in the world, on a charge of having disobeyed the abatement of a nuisance clause of the Volstead act.

Harry C. Moir, owner of the hotel, when informed of the charges made by the agents, declared the whole affair was a "climax of conspiracies, entrapments and briberies." He said warrants would be asked by him for two employes of the hotel, one of them a house detective named by the federal agents as having furnished them with liquor.

"Imported" Investigator.

The bulk of the evidence was said to have been gathered by Monte Goldie, a monocled investigator imported from England by Lincoln G. Andrews, prohibition chief, and Albert Rolls, said to be an Australian perfume chemist.

Rolls, arrived at the hotel January 2, and, according to information obtained at the hotel, struck up an acquaintance with several employes and met the house detective. An aide of Rolls named Hopkins obtained a case of whisky and a bottle of gin through the detective, the agents charged.

Early last week information in Mr. Moir's hands said another case was delivered through the detective and a waiter to Rolls who made arrangements for a party in his room.

Claim No Protest Made.

According to the dry agents the presence of the liquor was known to a hotel official who they say, made no effort to notify the guests that the law was being violated.

Moir said it was ridiculous to talk of padlocking the hotel, which, he said, had made special efforts to prevent violation of the prohibition law by guests and employes offering rewards for information leading to the conviction of any employe on a charge of violating the law.

MARTY DURKIN IS ARRESTED AT ST. LOUIS

Long Sought Chicago Murderer Taken At Missouri Metropolis Upon Arrival From San Antonio Accompanied By Young Woman.

ST. LOUIS, Jan. 20.—(By the Associated Press.)—Martin Durkin, Chicago murderer, sought in a nationwide search, was arrested by department of justice agents today upon his arrival from San Antonio.

Durkin admitted his identity. Two revolvers were found in his train drawing room. He was accompanied by a woman.

Durkin, who is wanted for the murder of a department of justice operative, a policeman and a civilian, was overpowered before he could make use of his revolvers. His identity was made virtually certain by comparison with photographs and descriptions.

The woman arrested with Him, an attractive blonde, at first said she was Miss Irma Sullivan, 18, of Cornell, Ill., but later said she had married Durkin in East St. Louis two weeks ago. Durkin giving the name of "Burkey."

Arrest Confirmed.

CHICAGO, Jan. 20.—(By the Associated Press.)— The arrest of Harry Durkin in St. Louis, Mo., was confirmed by a telegram from Harold Scott, St. Louis operative, Acting Chief Hennegar, in charge of the Chicago office, said this afternoon. "Durkin in custody here," read the message. Mr. Hennegar also obtained confirmation by telephone.

Durkin was wanted for several crimes, chief among them the slaying of Edwin C. Shanahan, federal department of justice operative.

The shooting and wounding of three Chicago policemen and thefts of motorcars are other offenses charged.

HUNGRY GROUP STORMS DOORS OF AID STATION

Reports Of Hunger, Privation And Bankruptcy Received From Anthracite Regions -- New York Hospital Unable To Get Coal.

NEW YORK, Jan. 20.—(By the Associated Press.)—New York City's coal shortage situation reached a serious stage today when Bellevue hospital, housing 1,377 patients, was unable to get coal and the institution was heatless.

Vote To Postpone Action.

HARRISBURG, Pa., Jan. 20.—(By the Associated Press.)—Administration measures for control of anthracite mining, now before the Pennsylvania legislature, were virtually killed by the house committee on mines and mining today.

The committee voted to "postpone indefinitely" action on the bill to make anthracite a public utility and to report with a "negative recommendation" that providing for state compacts.

Crowd Demands Food.

HARRISBURG, Pa., Jan. 20.—(By the Associated Press.)—While legislation for control of anthracite mining awaited action of committees today, additional reports of hunger and distress, privation and bankruptcy, as a result of the hard coal strike, were received from the coal regions.

A crowd of 100 persons demanding food stormed the Shamokin chamber of commerce relief station yesterday. The doors had to be locked and the police called twice to quiet the hungry men, women and children.

Four hundred families are being cared for by the relief station and hundreds by other charitable organizations. Funds of the relief bodies are rapidly being depleted and public appeals probably will be made shortly unless the strike is settled.

Relief work on a large scale is being conducted at Mount Carmel, Centralia, Ashland, Shenandoah, Girardville and Mahoney City.

Report Business Depression.

Hotels and merchants at Scranton and Wilkes Barre report a serious business depression.

Meanwhile John L. Lewis, president of the United Mine Workers, and Maj. W. W. Inglis, chairman of the anthracite operators negotiating committee, continue to lay the blame for the continuance of the strike at the door of each other.

The miners' leader was back in Wilkes Barre today after a tour of the mining fields.

In all his addresses, Mr. Lewis has declared the operators deliberately had forced the strike in an attempt to reduce wages and to crush the miners' union.

Stock Shipper Is Injured On Train

(Special to The Star.)

ENDICOTT, Neb., Jan. 20.—C. A. Lund, prominent farmer and stock raiser, living in the Steele City vicinity, just south of here, was severely injured after he boarded a St. J. & G. I. freight train at Steele City to accompany several carloads of live stock which he was shipping to Kansas City. The engine of the train gave the caboose a sudden jerk and it knocked Lund down. He received three broken ribs as he was thrown against bruises to his head and shoulders as he struck the floor.

Balduff Funeral Held At Fremont

(Special to The Star.)

FREMONT, Neb., Jan. 20.—The body of W. S. Balduff, former prominent Nebraska confectioner, who operated first as a partner of George F. Wolz in Fremont and later in Omaha will be brought here from Los Angeles, Calif., the last of the week. Mr. Balduff located in Los Angeles four years ago, moving there from Omaha.

CHANGE NAME TO OPTIMIST CLUB

Pathfinders Approve Amendment Affiliating With National Order.

The Pathfinder club hereafter will be known as the Optimist club as the result of the approval of an amendment to the constitution providing for the club to affiliate with a national organization. It has been an independent organization heretofore. The amendment was adopted at a meeting held at the chamber of commerce at noon, Wednesday.

Following the luncheon a group of high school girls under the direction of Mrs. Allen played a number of orchestral selections. The girls are: Sarah Robinson, banjo; Ona Joergensen, mandolin; Margaret Olson, harp; Nina Butler, flute; Lillian Baker, guitar; Dotty Mason, guitar; Louis Blanka, mandolin; and Mildred Noelford, tenor banjo.

The club will continue to meet at the chamber of commerce.

BERENGER TO CALL.

WASHINGTON, Jan. 20.—(AP)—Henry Berenger, the new French ambassador, made an engagement today to present his credentials to President Coolidge during the afternoon.

PROFITEERING IN COAL IS CLAIMED

Senator Reed, Pennsylvania, Makes Charge Against Retailers.

WASHINGTON, Jan. 20.—(By the Associated Press.)—Profiteering in soft coal was charged against retail coal dealers today by Senator Reed, republican, Pennsylvania, who said in the senate that the producers had not increased prices.

Strelow Seriously Ill With Second Pneumonia Attack

Charles Strelow, survivor of the Denton hermit brothers on whose farm a considerable quantity of gold was found buried, is seriously ill at St. Elizabeth's hospital with his second attack of pneumonia since he was brought to Lincoln. Mr. Strelow, who is 82 years old, was well on the road to recovery from the malady when he suffered the second attack last Friday.

"One Touch of Nature Makes the Whole World Kin"

But anything in the nature of a touch has a decidedly different effect.

And that's why Mr. J. L. Harris, 542 S. 23rd street, wondered if the money he spent last week was the finishing touch of his ambitions—or the touching finish.

But he didn't wonder very long. He was ambitious to rent his two room house and he had hardly spent that money for a Star classified ad before applicants began a-knocking at his door. The same day his ad appeared the house was thoroughly rented.

Lincoln Star ads touch one's purse but lightly and bring overwhelmingly favorable returns.

IF YOU want to pad your pocketbook with their profits call B1234 and ask for an ad taker.

DAWES' ASSAULT ON SENATE RULES GOES OVER RADIO

Vice President "Wrecks" Broadcasting Stand By Vigor of His Address.

Speech Aimed at Reading of Article Into Record to Delay Court Vote.

WASHINGTON, Jan. 20. — (By the Associated Press.)—Vice President Dawes last night unexpectedly game vent to his views on the delaying tactics being pursued by opponents of the World Court in the senate.

Speaking on a radio program arranged for alumni of the Massachusetts Institute of Technology at dinners in sixty-seven cities throughout the country, he renewed his campaign for review of the senate rules with such vigor that a broadcasting stand which had been constructed for President Coolidge will have to be repaid before it can be used again.

He had collected a few irrelevant thoughts during the day in preparation for the usual alumni dinner speech, he explained, but after he and the senate had been forced to listen for an hour and a half during the afternoon to the reading of an old magazine article, he thought there was no more proper time than this to direct attention to the need for reform of the senate rules.

He did not name the article, but obviously referred to one written in 1898 by Andrew Carnegie, which Senator Reed, democrat, Missouri, a World court opponent, caused to be read into records.

The reading had consumed time while the senate might have been proceeding with business, Mr Dawes declared, adding that the changes he advocated would not restrict legitimate debate, but would cut off frivolous and irrelevant oratory.

Says Tax Bill Delayed.

"One hundred and ten million people are vitally interested in the tax bill," he explained, "and when a piece of legislation is up before a great body like our United States senate, you should not permit a man to go up there and read a magazine or a newspaper for an indefinite period."

Any member of the senate desiring to delay action on a measure, he said, could get up and read a magazine, a newspaper or anything and it was "high time" that the people should wake up and write to the senators asking them to end such a condition. He promised to try to stop such tactics from his end if they would help him.

The vice president began speaking at 11 p. m. after he had entertained President and Mrs. Coolidge at dinner in his home. The speech, made extemporaneously and lasting only six minutes, was broadcast from station WRC and relayed to the various diners throughout a hook-up of all stations maintained by the Radio Corporation of America, the General Electric Co., and the Westinghouse Electric Co.

Amundsen Visits Dr. Frederick Cook In Federal Prison

LEAVENWORTH, Kas., Jan. 20 —(AP)—Recalling the days when together they fought the ice packs in the polar wastes, Capt. Roald Amundsen Tuesday visited Dr. Frederick A. Cook in the federal penitentiary here. Dr. Cook, who claimed to have discovered the North Pole, is serving a fourteen-year sentence for using the mails to defraud.

The two Arctic explorers spent three-quarters of an hour together Captain Amundsen telling Dr. Cook of his recent airplane dash for the North Pole and renewing the old friendship.

Dr. Cook and Captain Amundsen were companions two years. Amundsen was mate to the Belgian expedition in 1897-1899. Dr. Cook was the ship's surgeon. On their return, both were decorated by the Belgian king.

Captain Amundsen gave no inkling that he knew of the tragedy in his friend's life and when he arise to go clasped in his rugged hand the hand of his friend which already is beginning to be touched by the prison pallor. Amundsen promised to come back and see him again if he returned alive from his next polar trip.

GENEVA— (AP) —The smallest American Legion post in the world came into existence in Geneva Tuesday when the League of Nations post was organized with only four members, comprising all the American officials of the secretariat.

Today At The Capital

(By the Associated Press)

Aluminum inquiry goes forward.

House resumes debate on naval bill.

Outdoor recreation conference opens.

Senate continues World court debate.

Secretary Davis testifies in house aircraft investigation.

Railroad long and short haul hearing proceeds in senate committee.

FAIR MANAGERS BANQUET GUESTS

Annual Convention Ended With Entertainment Given By Fair Board.

The seventeenth annual banquet of the Nebraska Association of Fair Managers, given by the state board of agriculture, was held in the Venetian room at the Lincoln hotel Tuesday night.

The spirit of the occasion was one of levity, and after the dinner a program of varied music was presented by H. O. Ferguson, director of music in the city schools.

E. J. Mitchell, retiring president of the association, spoke briefly on the work of the convention, declaring that it was possible to have a good time and learn something at the same time. He introduced W. H. McGaffin, Jr., of David City, newly-elected president.

One of the features of the evening was a speech-making contest, which was won by Charles Graff, who was presented with a picture of Charles W. Bryan. Bert Miller and Thomas McCarthy were other entrants. E. R. Purcell, Ed. Danielson and Claude Henderson were judges.

The "hog-calling" contest was won by K. C. Fouts, of Cuming county. S. M. Ewing and Otto Eubling were other entrants. The judges were: Mrs. Gertrude McLaughlin, Mrs. Florence Graham and Mrs. L. C. Kurtz.

During the dinner music was furnished by Baughn's orchestra.

Harriett Cruise and Gayle Grubb, "Gloomy Gus" presented several popular numbers, followed by the Novello trio, composed of Frances Morley, piano, Grace Morley, violin, and Miriam Little, 'cello.

Alene Campbell, gave three numbers on the marimbaphone.

The Richardson-MacKenzie dancers, Dorothy MacKenzie, Elizabeth Gilbertson, Virginia Richardson presented a group of dances. They were accompanied at the piano by Margaret Mahaffey.

A general discussion of problems which confront fair managements occupied the time of the delegates during the afternoon session, which closed the regular meetings. The next convention is to be held when the state fair board meets, as is customary. About 150 attended the banquet.

Omaha Poet Speaks On Advertising To Three Local Clubs

O. Lawrence Hawthorne, of Omaha, writer of syndicated verse spoke at a joint meeting Tuesday night of the Lincoln Knife and Fork club, the Lincoln Ad club and the Nebraska Writers guild, on advertising, discussing particularly the human interest side of commercial illustration and the connection of verse to advertising.

The illustration must be carefully planned, and every detail must be correct, Hawthorne said. If a type is to be represented it must be idealized, a little above the average.

He recited some of his own verse, and asserted that men pay too little attention to the finer side of life.

Charles Q. DeFrance and T. A. Blakeslee, of the Lincoln Ad club spoke briefly on advertising. Prof. Robert Crawford introduced Hawthorne. Prof. A. A. Reed presided at the meeting.

Two musical numbers were given by a trio, Mrs. R. E. Sturdevant, piano, Mrs. Hayes Westfall, voice, and Henry Dienes, violin.

Police Hunt For Boy, 15, Missing From Home Here

Police are searching for 15-year old Henry Haack, jr., son of Mr. and Mrs. Henry Haack, 3024 Dudley street, who disappeared Tuesday. The boy left home early in the morning for Lincoln high school, where he is a student, but did not appear there and did not return home. The parents believe he has run away.

Henry "played hookey" from school Monday, according to his father, but returned home Monday evening. He was wearing a light cap, gray coat, blue trousers, red sweater, and tan shoes.

NEGOTIATE TO FIX DATE FOR A COURT VOTE

Proponents Of Tribunal Lay Aside Plan to Invoke Cloture Rule.

Senators Johnson and Reed Vigorously Assail Entrance By U. S.

WASHINGTON, Jan. 20—(By the Associated Press.)—Laying aside the plan to invoke the rule under which senate debate on the World court would be limited, proponents of American membership in that tribunal opened negotiations Tuesday with the opposition looking to an agreement for a date on which a vote may be had.

Leaders on both sides said the discussions still were in the preliminary stages.

One difference of opinion developed as to whether the date for the vote shall be fixed before or after the tax reduction bill is taken up. Some of the opposition forces want the date put off until after the revenue measure is passed, so that free discussion can be assured.

Negotiations from an agreement were inaugurated after the opposition had brought forward two of their biggest guns, Senators Johnson, republican, California, and Reed, democrat, Missouri. Both vigorously assailed the court before crowded galleries.

Says Part of League.

In opening the discussion, Senator Johnson declared that the court was part of the League of Nations and that if the United States was going into the league, it should go in by the front door and not by a side entrance or by way of a trap door.

Senator Reed talked for more than an hour and then obtained unanimous consent to have read into the record an article written in 1898 by Andrew Carnegie, who was described by Senator Reed as the author and his money as the source of the present movement for American "participation in European affairs."

The reading by the clerk went on for an hour and a half and the republican leaders, absent from the chamber when the unanimous consent was obtained, made no effort to conceal their chagrin upon their return to the senate floor.

Before the reading had been concluded, Senator Frazier, republican, North Dakota, suggested the absence of a quorum. When he roll call was completed, there was so much confusion on the floor that Vice President Dawes had to rap vigorously for order, declaring: "It is impossible to hear the clerk."

As the clerk droned on, the crowds in the galleries remained. When the reading was concluded, Senator Reed resumed the floor to continue his address, but yielded to Senator Curtis of Kansas, the republican leader, who moved a recess until 11 a. m. today, an hour in advance of the regular meeting time.

Two Girls Brought Back to State Home

The two girls who failed to return to the Home for Dependent Children after church school last Sunday were both back at the institution Wednesday morning after a chase to Ashland and then Fremont. They were first found at Ashland early Tuesday, but one escaped in some manner and boarded a train from which she was taken at Fremont. Miss L. K. Driever, superintendent of the home, drove to both towns to get the girls Tuesday afternoon.

Mary Bell, 15, whose home is at Ord, was taken at Ashland. Mary has been at the home for four years now, Miss Driever said, and had always been a model child.

The other girl, Corinne Plunkett, also 15, came from near Kearney more recently. She effected her escape at Ashland by hiding in the way car of a freight train.

She had not questioned the girls, Miss Driever said Wednesday morning, but from what they volunteered she believes they were trying to get to their homes in the western part of the state, but started in the wrong direction.

LET CONTRACT ON INMATE BUILDING

E. R. Green's Offer of $72,900 Lowest For Job At Hastings Hospital.

With 15 contractors bidding on the general construction work for the new inmate building at the Hastings state hospital for insane, the board of control got the benefit of unusually low figures in Tuesday afternoon's letting. E. R. Green of Hastings submitted the lowest offer, 72,900, and the contract was awarded him on that basis.

Five bids were received on heating and plumbing, and 4 on electric wiring. Heating and plumbing went to John Lay of Fairbury at $13,500. James Corr of Omaha got the electrical job for $1,520.

The total of the three contracts is $87,920—somewhat less than the board of control's advance estimate. As the legislature appropriated $125,000 for the Hastings edifice, this will leave a little over $37,000 for building extras, furniture and general equipment.

Following is a list of the bids filed with the board on each division of the work to be done:

General Contract.

Edwin R. Green, Hastings	$72,900
Busboom, Bros., Fairbury	73,900
Walter Knutzen, Kearney	76,147
O. Almquist, Central City	76,823
Swanson & Sudik, McCook	77,000
C. E. Atwater Co., Grand Island	78,250
G. M. Robertson, Lincoln	82,029
Ernest Rokahr, Lincoln	83,377
Geer Co., Grand Island	83,622
R. G. Isdell, Grand Island	83,755
John Hempel, Hastings	84,445
Henry Obisen & Sons, David City	87,000
Vrana Bros., Omaha	87,031
B. J. Jobst, Lincoln	92,292
Tamblyn & Beloyed, Omaha	98,537

Heating and Plumbing.

John Lay, Fairbury	13,500
Stevens Plumbing Co., Hastings	13,672
Rutherford Bros., Hastings	13,683
E. L. Rodwell, Omaha	14,874
Phelps & Underwood, Lincoln	16 485

Electric Wiring.

James Corr, Omaha	1,520
Guarantee Electric Co., Hastings	1,679
Frank Sutton, Geneva	2,150
W. W. Berger, Omaha	2,485

HINDENBURG USES THREAT OF FORCE

BERLIN, Jan. 20—(By the Associated Press)—President Von Hindenburg, resuming the role of field marshal, Tuesday summoned the leaders of the reichstag parties to the executive mansion and after demanding that all political bickerings and controversies cease, plainly intimated that the choice lay between a dictatorship or parliamentary government.

The president's forceful language and unquestioned determination had the desired effect, for less than three hours after the political leaders had left his presence Chancellor Luther was able to announce the roster of his new cabinet, which he will introduce in the reichstag Thursday.

"These sorry exhibitions of a perennial government crisis must cease," declared Von Hindenburg. "The condition of the fatherland more than ever now demands constructive work."

This was the president's first encounter with practical politics as engaged in by the reichstag parties and the fact that he summoned the leaders for the purpose of informing them that they had to choose between parliamentary government and a dictatorship is interpreted as reflecting his private loathing of the political game as played by numerous German parties and factions. The ministry was constituted as follows:

Chancellor, Dr. Hans Luther.

Foreign minister, Gustav Stresemann.

Interior, Wilhelm Kuelz, (democrat).

Finance, Peter Reinhold, (democrat).

Economics, Julius Curtius, (Peoples' party).

Labor, Heinrich Brauns, (centrist).

Justice, Dr. Wilhelm Marx, (Centrist).

Defense, Dr. Otto Gessler, (nonpartisan).

Post and telegraph, Earl Stingle, (Bavarian peoples').

Thansport, Dr. R. Krohne, (German peoples').

SAYS RAILROAD RATES HURTFUL

Gooding Declares Long Haul Provision Halts Inter-Mountain Growth.

WASHINGTON, Jan. 20—By the Associated Press)—A bitter arraingement of the nation's great transcontinental railroads for their rate policy, which he declared has made impossible proper industrial development of the inter-mountain territory, was made Tuesday by Senator Gooding, republican Idaho, before the senate interstate commerce committee.

Asserting that the inter-mountain territory is one of the richest in the world in resources that make for great industrial development and answering opponents of his bill short than long hauls in competing to prevent roads charging more for with water carriers, Senator Gooding declared discriminatory rates have been established by the railroads in favor of the great industrial centers.

These rates, he said, prevent possible delivery of manufactured products into great domestic markets in competition with goods from industrial centers and as a result the inter-mountain section has been unable to attract sufficient capital for its proper development.

Thom Interrupted.

Senator Gooding's charges came in a speech interjected during the testimony of Alfred P. Thom, general counsel for the Association of Railway Executives, against the proposed bill. Thom had asserted that instead of hurting the inter-mountain and intermediate territory departures from the long and short provisions of the present transportation act, which would place the railroads in competition with ships serving the Pacific coast through the Panama canal, would aid that territory by tending to lift a portion of the transportation burden from it.

He further asserted that passage of the measure would close the door to any possible relief of the railroads and communities now available under the long and short haul provisions of the law, a result which he said might work a great hardship both upon the carriers and whole sections of the country.

"The interstate commerce commission," Mr. Thom said, "is well equipped and is wholly competent to decide upon the merits of each case where an effort is made to establish a lower rate for a long haul than is charged for a shorter one. The interstate commerce commission's efficiency in this regard is proved by the fact that there is now no complaint before the commission resulting from its granting relief in the manner provided against in the Gooding measure."

Valentino Is Not Aroused By News He Is a Divorcee

CHERBOURG, Jan. 20 —(AP)—Rudolph Valentino made only one comment when, on the arrival of the Leviathan here, he was informed that a divorce had been pronounced against him—"That closes that chapter of my life; it only remains to turn the page and begin anew."

Valentino was quite unperturbed, not a muscle of his face, so expressive before the lens, moved. If he felt any emotion at the moment, he successfully concealed it. He allowed to subject to drop with the remark:

"I was expecting a telegram, but you are ahead. You are the first to bring the news."

He then spoke of his work, which appeared to be his principal interest, discussing his future film plans and saying how eager he was to get home to resume picture making.

DR. W. B. CALDWELL AT THE AGE OF 85

"Purges" and "Physics" Bad for Old Folks

While Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 17 years knew that constipation was the curse of advancing age, he did not believe that a "purge" or "physic" every little while was necessary.

To him, it seemed cruel that so many constipated old people had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils every day or two.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which regulates the bowels of old folks. A single dose will establish natural, healthy bowel movement for weeks at a time, even for those chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it is often months before another dose is necessary. Besides, it is absolutely harmless and pleasant to take.

If past fifty, buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

Dr. Caldwell's SYRUP PEPSIN

CHAPTER 36.

James comforted himself that he had produced upon John the impression he wished to produce.

He had been annoyed at meeting his brother. It had seemed an unfortunate encounter to the harassed younger man. Yet he had played his cards so well that the occurrence had been turned to his own advantage.

In the first place, it had given him a chance to seem to take his brother into his confidence and to put him in a good humor. It had made it possible to convey to John the idea that Fitzgerald approved of his daughter's engagement. It had also given James the opportunity to speak of his return to the office as a trivial matter—the signing and sealing of a few letters—after which he was to call on his fiancee

What could seem more innocent and natural? Whereas the truth was that he had his own reasons for wishing to be alone at the office for fully an hour, after which he would go to see Dan Dilke. Then, if it was not too late, he might call on Alice.

At his desk he sat musing on his conversation with his future father-in-law. Contrary to his expectations, Fitzgerald had not demanded actual figures when speaking of James' income. He simply took it for granted that the youth was in a position to marry soon. He had always disliked, he said, the idea of a long engagement. He had never wanted his daughter to fall in love. But if she loved a man enough to desire to marry him, the parent would not wish her to have a long engagement.

James had felt as if Fitzgerald's eyes had been fixed on him with an uncomfortably keen scrutiny during this conversation, almost as though challenging the young man to declare definitely just what his resources were. James imagined that the rich man might smile sarcastically if the suitor were to say that he could not afford to marry just yet. What right had he, then, the father might demand, to ask a girl to become his wife?

But James had not given the older man the satisfaction of taking him off his guard. Instead he had said that he had a regular income which, while not large, was certain; that his father had left him some money, and that he had outside interests that were yielding him large returns.

Fitzgerald had not asked what they were. He could not know that James had spent every cent of his small legacy on European travel and other extravagances—including a high-powered car; that he had no money in the bank and that he had been living right up to his income. Certainly he had no money on which to marry. He had not even enough to buy the handsome ring that he must get Alice as a symbol of their engagement. Richard Fitzgerald's daughter must not wear a cheap or small diamond.

So James must get hold of some money, and at once. If not, he would mean the loss of his betrothed. For, no matter how solemn Alice's promise had been to him, she was not the type of girl to marry a man who had deceived her and her parents.

Old Fitzgerald had spoken admiringly of John. John—always John! Father and mother had both expressed their pleasure that their daughter was to have such a brother.

James might make a commotion if he told that he had detected John kissing the hand of his brother's fiancee. And yet, after all, there was no harm in that act except as seen through the eyes of a jealous lover.

No—James had nothing on John. But John had something on him if he chose to tell the truth about what happened in the park on the afternoon that had brought about James' engagement to Alice Fitzgerald.

John would never tell. He was too absurdly honorable. And now it was too late for him to tell. If he were to do so he might give as proof of the truth of his assertion the condition of his clothes when the groom came for the refractory horse. But John would not need to give proofs of his veracity. Everybody would believe him, for he never descended to subterfuge and deception.

"That is where I have the advantage over him," James muttered now. "I would use any implement that comes to my hand when I am in desperate straits—and wash my hands afterward. Any port in a storm! In my present storm I see a port, and mean to sail into it for refuge, and escape under cover of darkness."

He smiled grimly at his metaphor. Then, after drawing down the blinds in his office and locking the door, he opened his desk and set himself to the task before him.

It consumed even more time than had the interview with Richard Fitzgerald. It left James Hay even paler than he had been on parting from his prospective father-in-law.

It was eight o'clock when at last he closed the door of his office behind him and walked down the stairs to the street floor. He shrank from taking the elevator and talking with the good-natured operator. He did not care to be questioned as to why he was remaining at work so late.

When he reached the street, he turned into a restaurant and ordered a cup of coffee and a roll. His hand shook as he lifted the cup to his lips.

"I need a stronger bracer than coffee," he mused. "Perhaps when I reach Dilke's I can get one. He surely ought to have enough of the stuff on hand," with a twisted smile. "As I am going to see my fair fiancee afterward, it might be awkward if my breath smelled of the so-called filthy stuff. Yet," with another disagreeable smile, "Dilke may have laid in some samples of cloves as well as samples of other merchandise."

He was vaguely comforted to find that he could joke even feebly to himself. He had feared that he was too nervous to regard anything lightly.

(To Be Continued.)

Federal Laws On Aviation Favored By U. S. Chamber

Need of the prompt passage of federal legislation to regulate and encourage and promote commercial aviation was stressed in a letter received Wednesday by Secretary Whitten of the chamber of commerce from the United States chamber of commerce. "Such legislation should aim to promote the establishment of facilities and auxiliary services necessary to the development of this new system of transportation," the letter said.

"Air transportation," the letter continues, "can readily, and to a large degree, be so-ordinated with present forms of transportation, including railroad, express, interurban electric, motor bus and truck facilities for the collection and distribution of goods to territory surrounding air terminals. The present indications are that these facilities can be utilized to advantage over a radums of 30 to 300 miles, depending upon the territory."

The Lincoln chamber is definitely committed on aviation in the report of John D. Bushnell, president in 1925, and Secretary Whitten, to the board of directors in annual meeting, January 12.

Secretary Whitten reviewed the plans and purposes of the Lincoln-Southland trade excursion started in November and added:

"The trip was a great success. It brings with renewed emphasis the fact that the transportation of passengers, mail and freight by air is henceforth to be a factor in the field of transportation.

"Lincoln should take immediate steps to develop the advantages it already enjoys in this industry. An aircraft plant is and has been for several years a going concern here. If Lincoln is to maintain its place on these commercial air routes and take its place in the sun as an aviation city, it must assist in providing and maintaining landing fields suffigient to accommodate the largest ships.

"Viewed solely from the industrial standpoint, it is of such importance and lends itself so readily to devoping into one of the big industries of this section that it is worthy of the most serious consideration on the part of our people."

NEW YORK—(AP)—Wilda Bennett, actress, who lost a judgment of $37,500 recently in a suit by Mrs. Charles G. Frey, for alienation of her husband's affections, announced Tuesday her marriage to Pepe de Aldro, cabaret dancer. Frey attended the early morning night club party at which the announcement was made, but he received the news with the remark: "It looks like a joke to me." "It's funny Wilda never told me anything about it," Frey commented later. "I was talking with her over the phone Monday and she never mentioned marriage."

How Skinny Kids GainNeededWeight

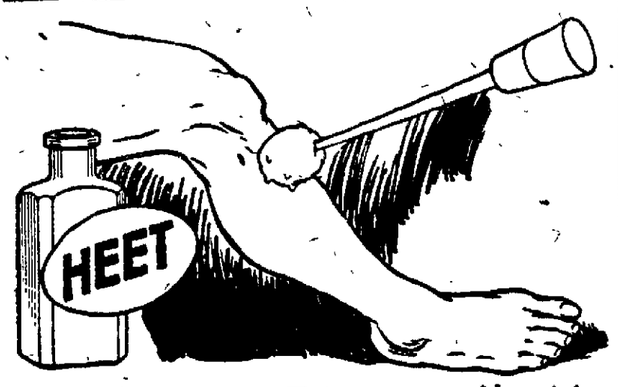

Weak, undernourished, underweight boys and girls who are peevish, fretful and sickly need McCoy's Cod Liver Oil Compound Tablets.

Cod Liver Oil would do just as well, but what parent would be so cruel as to give them the horrible nasty tasting, ill smelling stuff, when sugar coated cod liver oil tablets made by McCoy's Laboratories of New York are as easy to take as candy and won't upset their delicate stomachs.

There's more vitamines of the first class in cod liver oil than in anything else and for that reason thin, scraggly, sickly children commence to liven up and take on good healthy flesh after McCoy's Cod Liver Oil Compound Tablets have been taken for just a few days.

Be sure and ask Harley Drug Co. or any druggist for McCoy's, the original and genuine Cod Liver Oil Tablets, if you want your delicate children to become strong, robust and active.

For grown-ups they are just as wonderful—one woman gained 15 pounds in five weeks. 60 tablets, 60 cents and if they don't put 5 pounds of good firm flesh on any thin man or woman in 30 days your druggist is authorized to hand you back the money you paid for them.—Advertisement.

Aching Joints

Neuritis
Lumbago
Rheumatism

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, hands, shoulders, feet, legs, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain right out of the aching or swollen joint, muscle or nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, fragrant liquid; doesn't stain, blister or irritate the skin. Druggists guarantee each 60-cent bottle. — Advertisement.

COMPROMISE TAX BILL IS FAVORED

Senate Features Viewed With Skeptical Eyes At White House.

WASHINGTON, Jan. 20.—(By the Associated Press.)—The senate compromise tax reduction bill was looked upon with hopeful but skeptical eyes yesterday at the white house and at the treasury.

It was stated at the white house that, while President Coolidge was in favor of retirement of the federal government from the field of inheritance taxation in favor of the states, he was not prepared to state whether the time had come for repeal of the federal levy, as proposed by the bill.

Compilation of estimates on the total reduction provided for in the bill, meanwhile brought back a quick alarm from the treasury when it was disclosed that the measure would make a slash of almost $400,000,000 in the nation's revenues this year. The senate finance committee was immediately called into session and, dividing on party lines, the republicans voted to increase the corporation tax to 13½ per cent, effective upon enactment of the bill into law.

The committee previously had voted to increase this levy from 12½ to 13 per cent on taxes paid this year and to 13½ per cent next year to offset the loss of revenue expected from the proposed repeal of the capital stock tax.

Ohio Professors Deny Charges Of Communist Work

COLUMBUS, O., Jan. 20.—(AP)—Four Ohio state professors, accused of being communists, yesterday denied before the university trustees investigating committee they ever have had connections with communism or the slightest leaning toward socialism. Three of the four professors, it developed, served overseas with the A. E. F. and the other did various kinds of war service in this country.

In its inquiry into alleged liquor law violations the committee learned from those appearing before it that it is "perfect nonsense" to say that there is no drinking among students, but that the student body at the university has improved morally year by year and is at present at it highest point and that drinking in the faculty is "nil."

According to the testimony of the four professors, their sole "seditious" act was to fill out questionaires sent them through the mail in 1920, asking if they would be interested in literature pertaining to the formation of a third political party. Professor North said that the literature came from the Committee of Forty-eight. All said it was consigned to the waste basket when it arrived.

BUDAPEST—(AP)—Count Bethlen, the Hungarian premier, has agreed to the appointment of a parliamentary of twenty-five members to make a searching investigation into the counterfeiting of the French franc scandal. By doing so he is said to have avoided interpellations in the chamber which might have involved an open motion of non-confidence in the government.

'Little Red School House' Bought For Ford 'Collection'

WINCHENDON, Mass., Jan. 20.—(AP)—The "Little Red School House" on the Gardner-Winchendon road here has been purchased by a representative of Henry Ford and will be added to the manufacturer's collection of early American buildings surrounding Wayside Inn at Sudbury.

Built in 1801 and still bearing much of the traditional coat of red paint, the school is believed to be one of the oldest left standing in New England.

Beer Barons and Revenue Men Argue Over Income Tax

CHICAGO, Jan. 20. — (AP) — The profit of beer making, running into millions of dollars, is the subject of controversy between the internal revenue bureau and Terry Druggan and Frank C. Lake, beer barons de luxe.

The government says they failed to pay income tax on from $3,000,000 to $15,000,000 income accruing from out of town beer shipments. It is reported that the tax collectors are prepared to prove definitely that they made $3,000,000, though they think they made much more than that. Revenue agents have weeks of investigation ahead of them.

Druggan, back from Florida where he and his partner have been since they were the central figures in the Cook county jail scandal, admits the rap, as he describes the government's claim, has some basis in fact, but he is sure he and his partner can prove their income was much less than the government's figures. Anxious to avoid argument, however, the debonair beer makers, rated as millionaires, say they want to settle with the government on an equitable basis and have instructed their attorneys to do so.

They have no comment on a Daily News story that three Chicago politicians, two of them in public office, received a "divvy" on all of the profits of several years of brewing.

Pharmacists Will Hold Convention At Omaha In June

The annual meeting of the Nebraska Pharmaceutical association will be held in Omaha, June 8, 9, 10 according to announcement made Wednesday by J. G. McBride of University Place, secretary of the association.

Four to five hundred Nebraska druggists are expected to attend the sessions. Fred Witt of Nebraska City is president of the organization.

Briefly Told News From The Wires

NEW YORK—(AP)—In the finding of Asta Salmen, a Swedish servant girl, in Rockeville Center, N. Y., police agents of the Swedish vice consul here Tuesday expressed belief they had cleared up a murder mystery of national interest in Sweden. The girl, who has been traced over a devious trail in this country, is said to have confessed that before she left Sweden a man now under arrest in Stockholm told her he had committed a murder in a quarrel over smuggled rum.

PARIS—(AP)—How to keep together his cabinet, made up of a majority of radicals, while the radical group in the chamber of deputies is fighting the government's financial measures and doing all it can to bring about the downfall of the minister of finance, is Premier Briand's problem this week. The political tension over the financial situation was not decreased by Finance Minister Doumer's meeting with the finance committee of the chamber of deputies yesterday afternoon.

WASHINGTON—(AP)—President and Mrs. Coolidge were guests of honor last night at a dinner given by Vice President and Mrs. Dawes at their home. It was the first of a series of dinners President and Mrs. Coolidge will attend away from the white house, the various members of the cabinet planning to entertain them during the next few months, as is the custom.

CHICAGO— (AP) —The turkey which was to have graced the New Year's dinner table of William Sherwin was still alive today, and with the bird perched on his shoulder he appeared in court Tuesday to answer his wife's charges of non-support. Steadying the bird occasionally, Sherwin testified "that because of the cold indifference shown him by his wife and his father-in-law" when he brought the turkey home he had refused to kill it. "It's my pet now," he said, "and goes wherever I go."

DETROIT, Mich.—(AP)—Joe Bisbe, 83 years old, of Paris, Ill., won the Michigan old fiddlers' contest at a local dance hall here last night. Mischa Elman, noted violinist, presented Bisbe with a gold cup given by Henry Ford as first prize. There were sixteen contestants, ranging in age from 66 to 93. Bisbe is the fiddler whose dance tunes several years ago caused Henry Ford to decide to revive old time dances and later to compile tunes played by the old fiddlers throughout the country.

NEW YORK—(AP)—Details of a giant new bombing plane to be powered with a 1,200 horsepower motor and now under construction were disclosed yesterday by Thomas H. Hoff at a special meeting of the Aeronautic Executives' association. The new bomber, known as the "Cyclops," will be the largest single-engined plane of the bombing type ever constructed in this country, Mr. Huff, who is president of the Huff Daland Airplane Co., of Bristol, Pa., said. It is now under construction in the Bristol plant and will be tested out shortly.

NEW YORK—(AP)—America lags far behind Europe in attacking the problem of cancer and should organize more of its resources to combat the disease. This was the assertion of Dr. George A. Soper, managing director of the American Society for the Control of Cancer, last night at a dinner of the society attended by many of the foremost cancer specialists in America.

SOUTHAMPTON, England—(AP)—Rudolph Valentino, who sailed for the United States Tuesday on the Leviathan, said he would go immediately to Hollywood and try to forget his domestic troubles in work. A decree of divorce was granted his wife in Paris yesterday. The Leviathan's passenger list included an unusually large number of theatrical and film stars. Raquel Meller, the Spanish vaudeville and motion picture star, at the last minute changed her mind not to sail on the American liner.

If You Need A Tonic Get The Best

—The Smutz Studio.

Mrs. Gertrude Wilcox

Davenport, Iowa.—"I am glad to recommend Dr. Pierce's Golden Medical Discovery, as a regular tonic to build up the entire system. At one time, especially, when I was very weak and rundown after a spell of the 'flu,' it was really astonishing how quickly the 'Golden Medical Discovery' restored my normal strength and improved the condition of my blood."—Mrs. Gertrude Wilcox, 332 Marquette St.

Dr. Pierce's Golden Medical Discovery is a well known tonic and builder that can be procured in tablets or liquid from your neighborhood druggist. Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial pkg. of the tablets and write for free advice.—Advertisement.

Prominent 'Premier' Points

The makers of Premier "Grands" produce nothing other than Grands. If there be a way to create a better Grand for less money they KNOW the way. For this reason you are urged to see the piano itself; to convince yourself that "PREMIER" is something MORE than a good name. New cases, new finishes now here. Let us demonstrate the finer "Premier points."

We "Take In" your old Piano

If your present, perhaps "old" piano is the only thing that stands between you and a modern "Grand" please note that we will take in your instrument at a positively "fair" figure. It's worth looking into anyway. This applies not only to Lincoln but to out-of-town points as well. Write today if you are unable to call. We will mail a proposition at once.

REVOLVERS AND DIVORCE BLAMED

Letton Says They Are Potent Factors In Increasing Crime.

Matson Advocates Appointing State Judges For Life Terms.

GRAND ISLAND, Neb., Jan. 20.—(By the Associated Press).—Unrestricted sale of revolvers, misuse of the automobile, and the appalling number of divorces, with consequent broken homes were given as potent factors in the increase in crime, by former Judge Charles B. Letton of Lincoln, in an address here today before members of the state association of county attorneys and county sheriffs.

He condemned "frivolous and unfounded pretexts" for delays often made in murder cases to delay the execution of sentence, such as pleas of insanity. The jurist declared that such proceedings create disrespect for law.

"Students of law," he continued, "should be taught that they owe a duty to the state and to society as well as a duty to a guilty client who has been convicted on a homicide.

"As a factor in the increase in crime, disrespect for law is fostered by the enactment of many restrictive and unnecessary rules and regulations which are not enforced. It is enforcement for law which creates respect for law.

"A prolific source of crime is the unrestricted sale of revolvers and similar concealable weapons, but interstate legislation only can make prohibition of such sales by the states effective."

"A large share of the responsibility for the inefficient administration of the criminal law is the lack of appreciation of their duty to the state and to the nation by many members of the legal profession. Bills looking to more speedy and practical administration of justice have often ben smothered in the judiciary committees of the legislature."

"The bar," Judge Letton concluded, "has always been the repository of public spirit and the active and positive instrument of public welfare, in almost every other direction than this. The bar of England led in doing away with many of the anachronisms and stumbling blocks in the furtherance of justice in that country.

"Let us emulate it here and thus perform a duty which we owe to our profession and to our country."

Would Appoint Judges.

Appointment of supreme and district court judges for life by an elected commission of competent men was recommended by Charles E. Matson, Lancaster county attorney.

He advocated an amendment to the state constitution to provide for the election of seven commissioners on a non-partisan ballot to be styled "the state commission for selection and appointment of judges." The commissioners would serve without pay and would be empowered to appoint all district court and supreme court judges for life. Under the plan the judges would be retired at the age of 72 years upon a pension.

"It has been said," Mr. Matson declared, "that ours is the only civilized Caucasian country where judges are chosen at general elections for short terms. In all the rest of the western world, including such governments as New Zealand, Australia, Great Britain and Switzerland, the judge is chosen by a qualified appointing officer or board, with tenure during good behavior and usually a pension on retirement.

"The ideal judge must possess special abilities," he said. "Not every good lawyer could be a good judge."

Declaring that district judges have less "jurisdiction than a referee at a prize fight," Mr. Matson pointed out that the latter may designate a winner, but the former must not even give the jury an idea that he possesses "any intelligence whatsoever with reference to the character of the evidence or its weight, for if he does it will be error."

"Legislatures often fix rules of procedure because of distrust of the courts and judges, because of the caliber of men selected by general elections," Mr. Matson said. "The result is a multiplicity of rules ending in interminable delay and maladministration of justice.

"Theoretically the courts are a department of the government independent of the executive and legislative departments, and yet every legislature that convenes thinks it knows more about how justice should be administered than trained jurists. So it proceeds to amend some of the old legislative directions and then adds a few more."

Form League Of Radio Listeners

KEARNEY, Neb., Jan. 20.—With the formation of a local Radio Listeners' league in Kearney Monday for the purpose of purging the local atmosphere of annoying electric "leaks," the officers of the new organization are beginning a vigorous campaign for larger membership. The organization formed by the fifty radio users is based as a nucleus for a large association for the purpose of making reception clearer. One of the organizers in his table conversation stated that a Grand Island man, exasperated by the interference in his set, had traced the trouble to an elevator motor located in Kearney.

ALLIANCE HOST TO VOLUNTEERS

Firemen From All Over State Gather For Annual Convention.

ALLIANCE, Neb., Jan. 20.—(AP)—Approximately 1,000 volunteer firemen were in attendance at the initial session of the forty-fourth annual convention of the Nebraska State Volunteer Firemen's association here last night.

C. H. Cole, president of the Alliance chamber of commerce, in his address of welcome, paid tribute to the firemen and to the confidence of the people have in their protection, which is furnished without charge.

A special train from the North Platte valley brought delegates from Bridgeport; Bayard, Scottsbluff, Gering, Mitchell and Morrill.

Two special Pullmans from Norfolk carried fifty firemen from there and neighboring towns. They were accompanied by the Norfolk firemen's band and the North Platte aggregation of forty was accompanied by their saxophone band. The firemen were entertained at a theater party last night.

Practical Farm Training Course In Kearney High

(Special to The Star.)

KEARNEY, Neb., Jan. 20.—By recent action of the Kearney school board, a vocational course in practical farm training will be added to the curriculum of Kearney high school next September. After holding the proposal under advisement for one month, the school board formally approved such an establishment. The course, installed by arrangement with James H. Pearson, state supervisor of vocational education, consists chiefly of studying farm work, such as the raising of livestock and crops, tool sharpening, keeping farm accounts and motor mechanics. The course is offered in addition to the academic training for college entrance, which is not attractive to all farming people, it is held.

Superior Masons Forty Years Old Hold Celebration

(Special to The Star.)

SUPERIOR, Neb., Jan. 20.—Tabmor chapter No. 37, Royal Arch Masons of Superior, held a big celebration and banquet here Monday evening, the occasion being the fortieth anniversary of the founding of the lodge at Superior. After the business meeting the members of the chapter entertained their wives at the banquet and musical program. Covers were laid for 175. Members of the lodge were present from Hardy, Byron, Bostwick, Nelson and other surrounding towns. Three charter members, all that are left in this vicinity, were present. They are J. W. Keifer, of Bostwick, James H. Sair, of Hardy, and George J. Spahn, of Superior. Mr. Spahn acted as toastmaster at the banquet. The ladies of the Superior Methodist church served the supper.

Aurora Business Women Are Active

(Special to The Star.)

AURORA, Neb., Jan. 20.—The Business and Professional woman's club of Aurora is meeting twice each month for evening dinners and is preparing for a program comprising political and civic subjects. The officers for the year recently elected are as follows: Ada O'Brien, president; Dr. Rachel M. Cooper, vice president; Thelma Eggert, recording secretary; Delores Perine, corresponding secretary; Nine Anderson, treasurer; Mrs. Ada O'Brien, the president is the only woman practicing law in Hamilton county. The club has been in existence two years and has held some interesting and profitable meetings.

Pay Last Honors To Lexington Man

LEXINGTON, Neb., Jan. 20.—All business was suspended for two hours Tuesday afternoon during the funeral services of Glenn T. McFarren, merchant, who died Sunday of Pneumonia. Services were held at the M. E. church in charge of the Masonic lodge. Rev. Bryant Hawe, District Superintendent of M. E. church, delivered the sermon.

PLAN WOLF HUNT.

HARVARD, Neb., Jan. 20.—Farmers of Lewis township, southeast of here, evidently think there are wolves in their community, as the men have organized a hunt for Saturday of this week, thoroughly platting the ground to be covered, in an effort to surround any coyotes that may frequent that section. They have arranged to serve lunches and confection in the center of the hunt.

NEBRASKA STOCK PRIZE WINNERS

Carry Off Honors At Big Exposition Now In Progress At Denver.

DENVER, Jan. 20.—(AP)— Mrs. Loula Long Combs, of Lee's Summit, Mo., carried away the lion's share of honors at the opening night of the horse show held in conjunction with the annual western national stock show by winning two blue ribbons in the tanbark ring.

Judging of entries in the stock show proper got well under way Tuesday.

Prince Domino 133rd, owned by John C. Shaffer, Denver and Chicago publisher, carried off grand champion honors in the Hereford cattle class, while Kimberling Brothers' champion, Nebraska, took the senior reserve grand champion in the same class with Outward Domino 2nd.

Other awards announced include Thomas Andrews, Cambridge, Neb., first on Shorthorn bulls calved between January 1, 1922, and May 1, 1923.

CRETE NOTES

(Special to The Star.)

CRETE, Neb., Jan. 20.—The Farmers Grain and Livestock association held its annual luncheon and stockholders' meeting here January 16, there being about 400 members and their wives present at the luncheon, at which oyster stew, pickles, rolls, doughnuts and coffee were served. At the meeting directly afterwards the following directors were elected: Samuel J. Welsch, Edward J. Aron, Anton Pomizl, Anton Betka, jr., E. J. Frolik, Joseph Boehnicek and Ed Axamit. The annual dividend was voted to remain with the surplus.

The annual "Heart drive" put on here Saturday by John T. Rowen, superintendent for the Beatrice district for the Nebraska Child Saving institute resulted in the collection of $75, which is considered very good, considering that it came so closely after the Doane in Crete drive, which ended January 1.

Walter J. Thompson of the pony farm, ten miles from Crete, has met with heavy lossg amon his horses and Shetland ponies from forage poisoning, having recently lost several draft horses and thirty-one Shetland ponies. Whether the poison came from cornstalks or hay is not yet known.

Clement J. Siedof left Tuesday for New York, whence he will sail for his old home in Germany to visit his sister and brother.

Vera Mills Shops For You at B-3214.

Rudge & Guenzel Co

Lift The Telephone Receiver from where you are and you are in speaking distance of Rudge & Guenzal Co.

B-3214 STORE NEWS B-3214

Let the Telephone Make Rudge & Guenzel's, One of Nebraska's Great Stores,

Your Home Store

A Message from Our Vera Mills to Her Out-of-Town Friends

This is not new to many of my friends, for they have discovered it long ago; but it is something that will bring a great deal of pleasure to hundreds of others who live in the smaller towns where the stocks of really good merchandise are not very extensive.

—I have had the telephone company compile a list of towns surrounding Lincoln together with the toll charges to the big Rudge & Guenzel Co. store. The result is surprising. The charge is not more than 75c from any of the towns, and from many it is as low as 10c, and best of all they say that the time for making connections is not more than four or five minutes.

—JUST THINK! You can take down your receiver and in five minutes be talking to me here in the Rudge & Guenzel store. You can tell me just what you want—a pair of Onyx Pointex Hose in the newest color—a georgette scarf of just exactly the color combination you desire an evening gown in the newest style and of the shade that will suit you to a "T"—just anything that you will expect to find in the Rudge & Guenzel Co. store. Then I will choose carefully and mail the purchases promptly. The very next morning they will be in your hands. I will prepay the postage and assure you that what I send will be satisfactory. You will pay the small telephone toll charge out of the savings you make and have some left over.

CALL B3214 AT LINCOLN, NEBR.
THESE INSTRUCTIONS ARE, IMPORTANT.

It is very important that you follow these instructions in order to have advantage of the smallest toll charge. Simply tell your Long Distance operator you want to talk to "ANYONE AT B3214, LINCOLN, NEBR." When Rudge & Guenzel Company's operator answers you, ask her to connect you with Vera Mills. This makes it a station to station call, which carries the lowest charge. In case your local operator does not fully understand the class of call you desire, tell her you wish to talk to Rudge & Guenzel Company at Lincoln, Nebr. on a station to station basis.

Watch the Lincoln Newspapers

—Day by day the Lincoln newspapers carry the Rudge & Guenzel message of new things, that have arrived, or special low prices on Rudge & Guenzel quality merchandise. You will save many dollars during the course of a few months in this way as many of my out-of-town friends have proved to their satisfaction.

—But if you do not see what you want advertised, do not let that keep you from calling me. It is impossible to list all the new and beautiful things in our advertising. I have been doing nothing but shopping for Rudge & Guenzel's customers for many years and dozens of them have been kind enough to say that my service is even more satisfactory than their own personal shopping. And why shouldn't it be—for that is my only work, day in and day out.

—Try phoning me just once—if you are not perfectly satisfied with what I send you, feel perfectly free to send it back and your money will be cheerfully refunded.

Vera Mills

—Personal Service Bureau.

Children Cry for

Fletcher's CASTORIA

MOTHER:— Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of Chas. H. Fletcher. Proven directions on each package. Physicians everywhere recommend it.

Was Once An Invalid— Now Eats Anything

For a long time Mrs. J. B. Manning lived on bread and milk because everything soured in her stomach and formed gas. After she took the mixture of buckthorn bark, glycerine, etc (known as Adlerika) she can eat anything without forming gas and enjoys eating.

Many people keep the OUTSIDE body clean but let their INSIDE body stay full of gas and poisons. Give the inside a REAL cleansing with the mixture of buckthorn bark, glycerine, etc., as sold under the name of Adlerika, etc., as sold under the name of Adlerika. This gets on BOTH upper and lower bowel, eliminates metabolic poisons and removes old matter which you never thought was in your system, and which caused sour stomach, nervousness, sleeplessness, headache, etc.

Whenever you eat too much heavy food, let Adlerika REMOVE the undigested surplus and leave you feeling fine. ONE spoonful relieves GAS and takes away that full, bloated feeling. Even if your bowels move every day, Adlerika brings out much additional matter which might cause trouble. Don't waste time with pills or tablets but let Adlerika give your stomach and bowels QUICK relief.

What Doctors Say.

Dr. G. Eggers reports Adlerika is the best medicine he has used in 37 years.

Dr. W. H. Bernhart writes he could not get along in his practice without Adlerika.

Dr. J. J. Weaver, a doctor for 50 years, says he knows no medicine better than Adlerika.

Dr. L. Langlois prescribes Adlerika regularly with GOOD effect.

J. E. Puckett writes: "After using Adlerika I feel better than for 20 years. AWFUL impurities were eliminated from my system."

Adlerika is a big surprise to people who have used only ordinary bowel and stomach medicines because of its REAL and quick action. Sold by leading druggists everywhere. In Lincoln by Harley Drug Co. and other leading druggists.—Advertisement.

To Give Your Gums a Healthy Coral Tint

and restore "off-color" teeth to clearness

Accept full 10-day tube of this new way, widely urged by dental authorities. Note the great change in the color of your teeth and gum firmness as dingy film clears off.

It's been learned that teeth are seldom naturally off color, clouded or dull, but simply coated with a dingy film your present cleansing does not clear off successfully.

Modern dental science now has discovered a way to remove that film. Results in restoring teeth to clearness quickly and in firming tender gums are surprising. One's whole appearance is changed.

Send coupon for full 10-day tube to try. In a short time you can work a transformation on your teeth. Their natural lustre is probably just film-hidden.

What film is—Dulls Teeth, invites Gum Disorders.

Dental science now traces scores of tooth and gum troubles to a germ-hidden film that forms on teeth.

Run your tongue across your teeth, and you will feel it—a slippery, viscous coating.

That film absorbs discolorations from food, smoking, etc. And that is why your teeth look "off color," dingy, and unattractive.

It clings to teeth, gets into crevices and stays. It lays your gums open to bacterial attack. Germs by the millions breed in it. And they, with tartar, are a chief cause of pyorrhea and decay.

Old ways won't clear it off.

Ordinary dentifrices and cleansing won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

New new methods are being used. A dentifrice called Pepsodent—different in formula, action and effect from any other known.

Largely on dental advice, the world has turned to this method.

Clear film off Firms the Gums.

It accomplishes two important things at once; Removes that film, then firms the gums.

A few days' use will prove its power beyond all doubt.

Send the coupon. Clip it now before you forget.—Advertisement

Is Candidate For Seat In Congress

A. H. BYRUM.

Attorney of Bloomington, Neb., and former legislator who filed Wednesday as a republican candidate in the fifth district.

CITY IN MOVE TO TEST ZONING

Files Suit to Enjoin Operation Of New Funeral Home at Tenth and C.

An action to test the power of the city to establish zoning was started in District court Wednesday morning, when C. R. Wilke, deputy city attorney, filed suit to restrain Ray Kroblen, Harry Goldstein and Floyd E. Umberger from maintaining an undertaking establishment and funeral home at Tenth and C streets.

Whether the city can enforce a zoning ordinance will depend largely upon the outcome of this suit, Mr. Wilke said, just before filing the action, which alleges that the defendant is operating the funeral home and undertaking establishment in violation of ordinance No. 2294, passed April 25, 1924.

The petition defines an undertaking establishment as a place of business and alleges that it has not been established within 100 feet of a retail business, factory or industry as prescribed by the ordinance. The place where the funeral home has been opened is defined as a residential section, "and has been used solely for that purpose for more than thirty years," the petition states.

That the case will be taken to the state supreme court for final adjudication is certain, according to Mr. Wilke.

Property owners in the neighborhood will watch the case through an attorney, although they are not taking part in the city's action. They are represented by Claude Wilson, and in the event of a defeat for the city it is probable action against the home as a nuisance will be started.

The city does not ask that the home be closed pending final decision of the suit.

Bootlegger Used Phosphorus Paint Instead of Light

NEW YORK, Jan. 20.—(AP)—Prohibition agents raiding a brewery in Brooklyn found the floors covered with rubber to make them noiseless and the walls painted with phosphorous paint to permit work at night without attracting attention. Alleged beer valued at $35,000 was seized.

Warns Farmers to Watch Thistle Pest

Canadian thistle, one of the most dreaded farm pests, threatens to get another start in Nebraska unless great care is taken to see that seeds sown for hay and forage crops this year are free from it, State Seed Analyst Elva Norris said Wednesday.

A sample of alsike clover seed sent in from Ruto, in the southeastern corner of the state, was tested and found to contain Canadian thistle seeds. The thistle spreads rapidly and takes whole fields and pastures if not quickly checked.

The Nebraska law prohibits the sale of any seed containing more than one Canada thistle to 5 grams, unless plainly branded to show the impurity.

Smothering the plant by covering the ground with straw or building paper is suggested as a means for eradicating it.

BYRUM ENTERS RACE IN FIFTH

Bloomington Lawyer and Former Legislator Files For Congress.

Five republican candidates for congress in the fifth district are now enrolled on the register of primary filings kept by Secretary of State Pool. The last to make his entry is Albert H. Byrum, Bloomington lawyer, well known state legislator and member of the constitutional convention in 1920. Mr. Byrum called in person at Pool's office Wednesday and left his nomination application, with a receipt for the $10 fee paid in Franklin county.

The new congressional aspirant said he had nothing to announce at present in the shape of a personal platform, but would make known his views on current uestions at a latter date. When asked if he thought there would be any more candidates in the republican primary in the fifth district, he smilingly responded:

"I hope so."

In the legislature of 1919, Mr. Byrum was one of the republican members who opposed the code law passed at that session. In 1921 he unsuccessfully tried to have the $5,000 salaries of code secretaries reduced. A year ago, he was chairman of the house committee on judiciary. He supported repeal of the present blue sky law on the ground that it had failed to prevent stock selling swindles, and favored substitutions for it a strict statute to punish fraud.

Mr. Byrum will contest in the republican primary with the following other congressional candidates: L. B. Stiner and W. E. Andrews, both of Hastings; Oswin Keifer, Bostwick and John Stevens, Beaver City.

Congressman A. C. Shalenberger, democratic incumbent in the fifth, has no opposition thus far in his own party primary.

ATTACK RECORD OF U. S. JUDGE

Tennessee Jurist Charged With Falsifying Records In Cases.

WASHINGTON, Jan. 20.—(By the Associated Press.)—Federal Judge Harry B. Anderson of the Western district of Tennessee, was charged with falsifying records in cases pending before him in documents laid today before a senate judiciary sub-committee.

After counsel for those opposing the nomination had announced they could not proceed until records of Judge Anderson's court had been brought from Memphis, the defense decided to go ahead with testimony on the question of residence.

George R. James of Memphis, a member of the federal reserve board, testified he attended a dinner at the Gridiron club here in December and that Judge Anderson, who sat near him, was "perfectly sober."

W. P. Metcalf, Memphis lawyer, testified the jurist was a good lawyer.

Annual Meeting Insurance Firm Held Wednesday

The annual meeting of the members of the Dwelling House Mutual Insurance company was held Wednesday, at the home office, 210 South Thirteenth street. About 175 members attended from all parts of the state. L. C. Oberlies is president of the company, and Frank Mills, secretary. R. E. Harrington is manager of the commercial department.

The forenoon session was given over to the hearing of reports which revealed an increase in business amounting to two million dollars in 1925. At 11 o'clock the members inspected the new capitol and had a group picture taken on the north steps.

Wednesday afternoon the Nebraska Mutual Insurance company opened its annual meeting in the same rooms used by the Dwelling House Mutual. F. A. Felton is president and Frank Mills, secretary. Reports of the officers showed a gain in business of $1,100,000.

Tuesday night at the Grand hotel members of both companies and their families were guests at a banquet. L. C. Oberlies was the toastmaster. Miss Ruth Kallemeyn sang, Miss Royer end Miss Roma Harrington gave readings and Miss Martha Bruning played the violin.

HENRY SMEYCH DEAD

LANCASTER, Pa., Jan. 20.—(A. P.)—Henry Smeych, 88, Civil war veteran, who aided in the capture of John Wilkes Booth, slayer of Abraham Lincoln, is dead here. Smeych snatched the reins of the assassin's horse at Long Bridge, near Alexandria, Va., dismounting the rider and forcing him to seek safety on foot. Booth was killed a short time later.

ASSERTS KANSAS FARMERS LOSING

Interstate Commission Told Wheat Growers Not Breaking Even.

KANSAS CITY, Mo., Jan. 20.—(By the Associated Press.)—The plight of Kansas and Missouri farmers was presented at the interstate commerce commission hearing Tuesday on the application of western railroads for a 5 per cent increase in railroad rates.

L. L. Wilson, Wichita, Kas., president of the Kansas Wheat Growers' association, declared Kansas porducers had been forced to grow wheat at a loss in the last five years.

Fully 90 per cent of the farmers he had talked with, Mr. Wilson said, have been operating at a loss. "Many farmers come to the association's office for loans on farms already mortgaged to the limit."

"Farms in Missouri are in a 'miserable condition,'" Dr. Arthur Nelson, defeated democratic candidate for governor of Missouri at the last election and large farm owner, testified.

"Buildings are run down, machinery is worn out and land values are dropping. The only thing going up is taxes."

H. Paul Bester, president of the federal Intermediate Credit bank and the Federal Land bank at St. Louis, declared that forty-seven of every 100 applications for farm loans had to be rejected because the productive power of the farms made them poor security.

Figures On Loans, Of Brokers Are to Be Made Public

NEW YORK, Jan. 20.—(AP)—Official figures on the volume of brokers' loans, accepted by the financial world as one of the best guides to credit conditions underlying the stock market, will be furnished to the public for the first time from two sources—the Federal Reserve bank of New York and the New York stock exchange—as the result of action taken by both institutions yesterday.

The first move to compile these figures was taken by the Federal Reserve bank at the instance of Governer Crissinger of the reserve board, which called upon its sixty-one member banks in New York to report each week the amount of their call and time loans to brokers.

The figures will be published in the weekly statement of the bank.

This movement was quickly followed by a meeting of the governing committee of the New York stock exchange, which voted to call upon members of the exchange for reports of the outstanding time and call loans on the last business day of each month.

New Board Trade Building Planned

CHICAGO, Jan. 20—(AP)—Plans are under consideration for a new board of trade building, costing probably $25,000,000 and to be erected on an $8,000,000 site. Eight projects have been submitted.

One plan calls for a giant structure, occupying an entire block, on part of which the present building stands, to tower 550 feet.

Action on the plans is expected within six weeks.

Briefly Told News From The Wires

MILWAUKEE, Wis.—(AP)—While playing soldier with a rifle left at their home by a friend, George Bunchkowski, 11 years old, was shot and fatally wounded here Tuesday by his brother, Herbert, 14.

WOULD PROHIBIT FALSE ADS.

WASHINGTON, Jan. 20.—(AP)—A bill designed to prohibit false advertising in the issuance of farm loan securities was introduced yesterday by Chairman McFadden of the house banking currency committee. It would restrict the use of the world "federal, United States, or reserve" in the issuance of bonds and securities.

TAXI DRIVER PROMOTED.

CHICAGO, Jan. 20.—(AP)—Charles W. Gray, who started as a taxicab driver after leaving newspaper work yesterday was elected president of the Yellow Cab Co., succeeding John T. Hertz, who became chairman of the board. H. A. Mullette, assistant superintendent, was elected vice president.

Brown Eyes Last Longer Than Blue, Optometrist Says

CHICAGO, Jan. 20.—(A. P.)—Brown eyes are better than blue eyes because they last longer.

Dr. J. S. McCray of the Illinois State Society of optometrists, said so at a clinic for postoffice workers. The brown irises operate like dark curtains in shutting out light and protecting the eye, but the blue eyes "are usually an exception to the rule that a perfectly normal eye will not feel the need of glasses until it is 45 years old," he said.

No longer does the expert optometrist confront his patient with a set of printed cards in varying sizes of type and require him to squint quizzically and then hand him a pair of glasses, he stated. Now he uses the ophthalmoscope, which gauges eye power, distance of sight and visual defects and the transilluminatng machine, a "first cousin" of the x-ray, which lights up the interior of the eye socket and discloses catarrahl infection or approaching cataracts.

MEXICAN LAND LAW DEFENDED

Brief Fails To Mention U. S. Protest Against Retroactive Provisions.

WASHINGTON, Jan. 20—(By the Associated Press.)—Every provision of the Mexican anti-alien land law" was defended in a statement by Foreign Minister Saerz, made public here last night by the Mexican embassy simultaneously with its issuance at Mexico City.

The document, about 4,000 words in length, was in the form of a diplomatic brief similar to the communications sent by Mexico to the United States in reply to the American protests which followed the original promulgation of the Mexican constitution of 1917, with its famous Article 27, which the land law is designed to make effective. The protests of the United States government directed against retroactive provisions of the law in the last few months were not mentioned in the statement.

Five Dead In A Crossing Crash

TOLEDO, O., Jan. 20.—(AP)—Five persons were killed instantly five miles west of here Tuesday when a New York Central passenger train struck a small coupe at a grade crossing. The crowded condition of the coupe is thought to have prevented the driver from seeing the approaching train.

Girls Must Have Dowries to Marry Italian Officers

ROME, Jan. 20.—(AP)—Girls who aspire to become the wives of Italian army officers of the rank of major or lower must be provided with dowries to insure their future husbands against poverty. If an officer of these ranks marries a girl without a dowry he will be dismissed from the army under an order issued by Premier Mussolini, in his capacity as minister of war.

The dowry system was abolished in the army about twelve years ago when the salaries of the officers reached a level at which they could conveniently support wives. As reinstituted, it sets the dowries to higher amounts for each grade than previously, although they are lower in proportion to the cost of living.

The amounts vary, according to rank, majors being entitled to the lowest and second lieutenants the highest.

Consumption Of Rubber Is Less In December

WASHINGTON, Jan. 20.—(A. P.)—December consumption of rubber in the United States was probably 7,000 tons below the preceding month, Secretary Hoover estimated Tuesday. He regarded a part of the reduction as seasonable, but also considered that it might to some degree indicate the intent of American consumers to reduce their takings on account of high prices.

American rubber manufacturers have covered their requirements for the next six months by advance contracts to the extent of 75 per cent, he added.

PROPOSE MISHAP PROBE.

WASHINGTON, Jan. 20—(AP)—Investigation by a special house committee of the sinking of the navy submarine S-51 was proposed Tuesday in a resolution by Representative Griffin, democrat, New York.

DEMO FARM BILL IS PUT FORWARD

Robinson Introduces Measure In Senate For $200,000,000 Corporation.

WASHINGTON, Jan. 20.—(By the Associated Press.)—A democratic farm export bill was brought out Tuesday by Senator Robinson of Arkansas, the minority leader.

The measure is substantially the same as the Vrooman bill, which was passed by both the senate and house in 1921, only to die in conference. It would create a farmers' export finance corporation to extend credit on security to foreign purchasers of American farm products.

The corporation would have an initial capital of $200,000,000, with authority to issue $800,000 in debentures. It would deal in surplus corn, wheat, cotton, tobacco, hogs and beef cattle, and the purchases would be made through the usual commercial channels.

"There is no paternalism, no subsidy and no price fixing involved in the plan," Senator Robinson said. "The federal government merely advances the export finance corporation $200,000,000 to be paid in full within a decade."

Besides this measure some 200 other farm relief bills have been offered in the house and senate at this session. Most of these are pending before the house agriculture committee, which has already begun consideration of farm legislation and has approved the Haugen bill to create a division of cooperative marketing in the department of agriculture.

The senate committee has yet to take up the question of farm rielef and there is a somewhat general disposition in congress to await the outcome of the forthcoming farm conference at Des Moines and recommendations from the administration. Representatives from at least a dozen states will participate in the Des Moines meeting.

Manufacturing By Government Draws Fire In Illinois

CHICAGO, Jan. 20.—(A. P.)—A nation-wide movement in opposition to the government engaging in manufacture and other private business has been started by the Illinois Manufacturers' association. A resolution condemning governmental factories for the production of such items as aircraft, office appliance, mail boxes and printing envelopes was adopted at the last meeting of the board of directors and sent to congress.

"When government displaces business, the loss in taxes as well as the excessive cost of operation is levied upon property and business which survive, as the government, of course, pays no taxes," the resolution states in part.

Samuel M Hastings, president of the Dayton Scale Co. and of the advisory committee of the Illinois Manufacturers' association, introduced the resolution, which was passed unanimously by the board of directors.

"President Coolidge," said Mr. Hastings, "in an addresss last November in New York, went on record as opposed to the further extension of government activities, where private enterprises could serve as well."

Youth, 14, Expert Air Pilot, Talks Like a Veteran

WASHINGTON, Jan. 20.—(A. P.) Farnam Parker, 14, having just flown alone in an airplane from Anderson, Ind., to Philadelphia, appeared yesterday in the office of his congressman, Representative Vestal, the republican whip, who made plans immediately to have him go before the house military committee investigating the aircraft situation.

The boy discussed the technicalities of aviation like a veteran and Mr. Vestal wants his testimony as an illustration of what youth can do in the air.

Young Parker has been a licensed pilot since he was 13. He is in Washington with his mother, Mrs. Fred Parker. Both she and his father are aviators.

He left Anderson last Thursday and after two brief stops reached Philadelphia Friday. The trip took eighteen hours. His mother followed by train.

FOUR PEOPLE IN ONE FAMILY BLESS KARNAK

"My Wife, My Sister And Dad All Praise This Medicine To The Skies. But They Haven't Got Anything On Me," Says Happy Lincoln Man.

"My wife just praises this Karnak to the skies for what it has done for her, and so does by sister and dad for what it has done for them, but I'll tell the world there's not anybody any stronger for this remarkable medicine than I am after the was it has fixed me up," declares Wm. H. Hawk, well known paper hanger and painter, living at 429 N. 28th St., Lincoln, Neb.

"Believe me, this medicine is a world beater, there's nothing else to it," adds Mr. Hawk. "It's got everything else beat a mile.

"I tell you, my stomach was sure 'out of gear' before I got Karnak. I couldn't digest the lightest of food, and just felt sluggish and rundown from head to foot. My sleep did me such little good I felt like I had just finished a 'tough' day's work before I even began one.

"I had nervous headaches, had pains all through my body, and my work I would just hurt and ache so bad it was all I could do to pull through the day. I simply felt just about all in.

"Well sir, so many people told me about Karnak that I finally got started on the medicine, and now I've recommended it to dozens of others myself. I'll tell the world it sure has fixed me up and rid me of all those pains and aches, and has put my stomach to feeling just right.

"No sir, no more indigestion, headaches or pains of any kind. Nights I sleep like a trooper and feel fine from head to foot. I certainly know a lot of people who are boosting Karnak, too, and I don't blame them either, for it's the greatest medicine under the sun."

Karnak is sold in Lincoln exclusively by the Harley Drug Co.; in Havelock by the Baker Drug Store; and by the leading druggist in every town.

The Karnak Man is in Lincoln now and may be seen at Harley Drug store between the hours of 12 noon and 5:30 p. m. Daily where he is meeting the public answering questions and explaining the merits of Karnak.—Advertisement.

FOR **Acid Stomach** PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store.—Advertisement.

TOLL BRIDGE AT LOUISVILLE FREE

Platte River Structure To Become Public On January 30.

(Special to The Star)

LOUISVILLE, Neb., Jan. 20.—The Louisville toll bridge across the Platte river will become a free bridge on Saturday, January 30, and this news was entirely satisfactory to all of the people in this vicinity on both sides of the river.

Last spring the state, Sarpy and Cass counties purchased the bridge, the state taking one-half and each county taking a quarter interest. The stockholders sold the structure at about a half of the original cost. The bridge at the time was a very good investment, but they wanted a free brigge for the public.

The state engineer inspected the bridge and made an estimate as to the cost of repairs. The stockholders were paid off and enough money has been paid in to make the repairs. Monday the Cass county commissioners met with those of Sarpy county at Papillion and it was decided to make the bridge free on January 30.

Hamilton County Phone Association Is Making Money

AURORA, Neb., Jan. 20.—The Hamilton County Farmers Telephone association met in its annual session Tuesday and listened to the reports of the officers showing a prosperous year. The company now has all of the exchanges in Hamilton county and Trumbull and Doniphan in neighboring counties. On December 31 it had in use 3,099 phones and its rentals from phones during the year amounted to $62,000. The Hampton exchange was purchased from the Lincoln company for $10,000 during the year, which funds were on hand and the company incurred no indebtedness there. This is one of the most successful co-operative telephone associations in the country. For a number of years it has been under the general management of J. L. Evans with George E. Funk as secretary of the company.

Omaha Boy Falls Two Stories and Loses His Life

OMAHA, Jan. 20.—(A. P.)—Fourteen year old Morris Osterman tried to climb into the city auditorium to see a prize fight last night. His foot slipped on an icy coping and he fell two stories, receiving injuries when he struck the sidewalk below which proved fatal.

Morris, a newsboy, saw a man climb the side of the building and go through an upper window. Dodging vigilant policemen, he scaled the building likewise, but when about to reach his goal, fell. Rushed to a hospital, he was found to have a fractured skull and internal hurts. He died during the night.

The lad's father is an employe of the city health department. There are four other boy's in the Osterman family.

SEWARD NOTES.

(Special to The Star.)

SEWARD, Neb., Jan. 20.—The marriage of Frank Ficke, son of Mr. and Mrs. Herman Ficke, and Miss Minnie Sieck, daughter of Mr. and Mrs. Fred Sieck, all of Pleasant Dale, will take place on Wednesday, Jan. 20.

Miss Lucile Sedlak of Brainerd, and Louis Hamata of Bee, will be married on Monday, January 25.

The Blue Valley Blade published here by E. E. Betzer, entered its 49th year last week. There are but few business men here now who were here when the paper was established. But three brick buildings graced the business district.

The Kensington club of Goehner, met at the home of Mrs. Thomas Curran on Tuesday afternon, and the members by their attire represented certain books. Miss Hazel successfully guessed the greatest number of titles and was awarded the prize.

Mrs. Ed Woods was hostess to the Fin De Siecle club Monday evening at which time the review of Bess Streeter Aldrich's late novel, "Rim of the Prairie" was given by Mrs. Henry Bredekamp. Mrs. Lee Nelson gave the club interesting information on the life of this author, in which Nebraskans take pride. Light refreshments of frozen dessert, cakes and coffee were served.

The friendly Indians went on a hike last Saturday. Every good Indian had a good time. There are now 88 members enroled in the Friendly Indians. The Friendly Indians are supposed to meet every Saturday morning for their gym work and club business.

ORGANIZATION OF PEACE OFFICERS

Sheriffs Plan To Combine With Other Enforcement Men.

GRAND ISLAND, Neb., Jan. 20.—(AP)A blanket organization to include federal, state and local peace officers working in Nebraska was proposed at the initial session of the annual convention of the Nebraska Sheriff's association, here Tuesday afternoon.

Carl H. Davis of Auburn, Dan Cavanaugh of Columbus, and Claude Hensel of Lincoln, were named as a committee to confer with the chiefs of police of the state on the matter of organization.

The new association would include the state sheriff's force, enforcement officers, county sheriffs forces, police and railway and express special agents.

The Nebraska county attorney's association, which is also holding its annual convention went on record at the initial session as favoring repeal of the indeterminate sentence law.

The two associations held a joint banquet last night with the an attendance of about 150.

Fair Association To Borrow Money

(Special to The Star)

AURORA, Neb., Jan. 20.—The Hamilton County Agricultural society met at an adjourned session of its annual meeting Tuesday and authorized its directors to borrow $6,500 to pay the outstanding indebtedness and to mortgage its property as security for the debt. It is thought that this will give the company a chance to maintain the fair as heretofore. There is still some talk of asking the commissioners to put up to the people at the general election in the fall the question of the county taking over the fair.

RICHMOND, Va.,—(AP)—For the first time since reconstruction days a negro spoke in the halls of the general assembly of Virginia Tuesday. William Mack, body servant of General Robert E. Lee, addressed members of the state senate in tribute to his former master. The 88-year-old negro gave reminiscences.

OLDEST RESIDENT IS LAID TO REST

Funeral Services For Mrs. Rose Garvey Are Held At Albion.

(Special to The Star.)

ALBION, Neb., Jan. 20.—Tuesday morning from her little home across the Beaver river, Nebraska's oldest inhabitant, Mrs. Rose Garvey, was borne to St. Michaels church, where a large gathering of friends of all denominations awaited her.

Rev. J. J. Crowley read high mass. He eloquently and impressively spoke of her almost 114 years of life characterized from her earliest childhood by prayer, the secret of her beautiful spiritual life and of what an impression she leaves on the community. From the church she was borne to Mt. Michaels cemetery almost in sight of the home where she had spent the last sixteen years.

The pallbearers were F. J. Mullin, James Brady, J. Donahue, Barney Gardner, John McDonnell and A. J. Ruddy, all old friends of Mrs. Garvey. Thus has passed Nebraska's and Albion's oldest inhabitant, honored and respected by all.

MARY GARDEN TO BROADCAST

NEW YORK, Jan. 20.—(A. P.)—Mary Garden, who on returning from Europe recently said she got "a greater thrill out of the radio than from any man," will make her boardcasting debut at Station WJZ on the night of February 1.

Mutual Insurance Company Election

(Special to The Star.)

WYMORE, Neb., Jan. 20.—At a meeting of the Gage County Mutual Insurance company at the home office at Blue Springs, the following officers were elected for the coming year: President, J. H. McPheron of Blue Springs; vice president, D. Douglas, of Wymore; secretary, J. W. Marples, of Blue Springs; treasurer, J. R. Salling, of Odell. The company has operated in this county for twenty years and has enjoyed a sound successful career. Mr. Marples has been secretary for a number of years.

Auto Cut In Two; Driver Is Unhurt

(Special to The Star.)

FREMONT, Neb., Jan. 20.—When Fred Relofski's automobile stalled on the Lincoln highway-Union Pacific crossing at Ames, a Union Pacific passenger train cut off the front of it at the radiator line, completely tearing away the headlights, radiator and front fenders. The owner, who did not have a chance to get out of the car, remained in it and was unhurt.

LONDON—(AP)—A dispatch to the Daily Express from Teheran says the first census in the history of Persia, recently taken, revealed a woman 146 years old living in the village of Moghin with her son, aged 117. The census was ordered because Dr. Arthur C. Millspaugh, the American financial adviser, was unable to estimate the revenue of the country owing to the absence of statistics on population.

Potato Prices Take New Drop

CHICAGO, Jan. 20.—(A. P.)—Potato prices have suffered another relapse, however, there is no chance yet for potato pancakes to undersell cornecakes.

According to a report today by the government bureau of agricultural economics, fresh developments in the rapidly alternating trend of potato prices will depend much hereafter this season on the acreage and production of new potatoes in the south. As yet, the official early advices do not indicate any great increase of southern plantings.

On the other hand, Chicago potato prices have fallen 20 cents a hundred pounds in the last week, and Cleveland reports large quantities of Ohio-grown potatoes being used at relative cheap prices.

NEW OIL LAW PROTESTS.

MEXICO CITY, Jan. 20—(A. P.)—Several additional foreign oil companies have filed applications for injunctions against the petroleum provisions of the new petroleum law, bringing the number to fifty-eight.

Make old age more comfortable

OLD age is not a matter of years alone. Many folks feel younger at 70 than others at 60. Too many old folks are worried with backache, rheumatic pains and kidney irregularities. At such times a stimulant diuretic is helpful. Use *Doan's Pills*. *Doan's* are recommended by thousands of elderly folks. Are endorsed here at home. *Ask your neighbor!*

Here's a Lincoln Case:

David Wagenleitner, prop. of coal business, "F" St., says: "My back ached, was lame, weak and sore and when I stooped, sharp pains darted across it. I had no control over the passages of the kidney secretions. Doan's Pills fixed me up fine."—Advertisement.

Deaths

Albert Mudra, 70, died Sunday, Jan. 17, at the home of a daughter, Mrs. James Turner, of Denver. He is survived by his wife, Francis Mudra; and three children other than Mrs. Turner; Albert W., of Lincoln, Mrs T. D. Barker, of Lincoln, and Rudolph of Miles City, Mont. He formerly lived in Lincoln, having resided here for over 50 years. For forty-five years he was the superintendent of the Buckstaff and Harpham harness shop. Funeral services will be held at 2 p. m., Thursday at Robert's chapel. Burial in Wyuka.

James E. Randall, 76, died at 10:45 p. m., Tuesday at the home, 542 East Eleventh street, College View. He leaves his wife and a son William at home. The body is at Morey's funeral home pending funeral services to be held at 10:30 a. m., Thursday at the Union church at College View in charge of Rev. Frank Mills. At 1:45 p. m., the body will be taken to Falls City where further services will be held at 2 p. m., Friday. Burial in the Falls City cemetery.

Anna D. Steinke, died at 3:20 p. m., Tuesday at the home, 1812 Q street. She leaves two brothers, Dietrich Steinke of Lincoln and Henry Steinke of New York, and a sister in Germany. Funeral services will be held Thursday afternoon, the time to be announced later.

Erich Simler, 81, died at 2.30 p. m., Tuesday at the home, 143 North Twenty-fifth street. He leaves his wife; two daughters, Mrs. Meta Klein of Milford and Mrs. Emma J. Lauszenheiser of Lincoln; and two sons, Emil and Oscar, both of Dorchester. Funeral services will be held at 2:30 p. m. Friday at Roberts chapel in charge of Rev. Ray E. Hunt. Burial in Wyuka.

Simion A. Noble died Tuesday afternoon at the home, 234 West Fourteenth street, College View. The body is at the home pending arrangements.

Ardath May, the infant daughter of Mr. and Mrs. Thomas E. Swale, three miles west and three miles north of Emerald, died at 7:30 a. m., Tuesday at the home. Funeral services were held at 2 p. m., Thursday at the home. Burial in Wyuka.

Maude Miner, 28, died at 7 p. m., Monday at a local hospital. She was the daughter of Mr. and Mrs. Elmer Miner, 2540 Vine street. Funeral services will be held at 2 p. m., Thursday at Henry Brown's chapel. Burial in Wyuka.

Funeral services for Maude S. Gates were held at 2:30 p. m. Wednesday at the home, 2314 Orchard street, in charge of Rev. R. P. Smith. Burial in Wyuka.

Funeral services for Richard William Laufman were held at 10 a. m. Wednesday at Castle, Roper and Matthews' in charge of Rev. Father Murphy. Burial in Calvary.

Funeral services for Louisa Schaflitzel were held at 1 p. m. Wednesday at Castle, Roper and Matthews' in charge of Rev. J. A. Klein. Burial in Wyuka.

Funeral services for John E. Ritter were held at 10:30 a. m. Wednesday at Hodgman's mortuary in charge of Rev. C. S. Bream. Burial at Roca.

Funeral services for William H. Harrington were held at 2 p. m. Wednesday at Splain and Schnell's chapel in charge of Rev. Rosa A. Lizenby Robb. Burial in Wyuka.

Funeral services for Isaac Lintt were held at 2 p. m. Wednesday at Hodgman's mortuary in charge of Rev. Jack Leonard. Burial in Wyuka.

The boy of Elizabeth A. Ross was taken to Tecumseh Tuesday evening for funeral services at 1:30 p. m. Thursday. Burial at Tecumseh.

The body of Thomas Griffin was taken Wednesday afternoon to Boulder, Colo., for funeral services and burial.

Here and There

Poverty and Damages.
(N. C. W. C. News Service.)

PARIS—"Because a life is given to the unfortunate is no reason for considering that life without value."

With this terse comment, a Saint Quentin civil tribunal has just placed a value of thirty thousand francs on the curtailed activities of a Little Sister of the Poor, despite her vow of perpetual poverty.

The pleading in the case was one of the most curious a French court has ever heard. Sister Marie, a religous worker of Saint Quentin, venerated by thousands of workers in that industrial city, had consecrated her life to the service of the poor sick. About a year ago, she was run down in the streets by an automobile belonging to a Senator. Her foot was fractured, and after months of treatment she remains infirm.

The Senator asked the company which insured his car to indemnify the victim. The company agreed to pay the cost of the medical treatment, but refused to add an indemnity for Sister Marie, contending that she had taken a vow of poverty and thus could not properly ask for damages.

It was a rebuke to this contention that the court has granted the substantial damages and pronounced its dictum that a life loses none of its value if given to the poor.

Red Propaganda Sought On Ship At Philadelphia

PHILADELPHIA, Jan. 20.—(AP)—Government agents today searched the cargo of the Danish freighter Ivar, which arrived yesterday from Baltic ports, for a large assortment of soviet propaganda believed to have been secreted on the vessel for distribution in the United States.

The circulars, according to information from abroad, are said to be thoroughly anti-American in nature and intended to incite labor disturbances in this country, particularly among the long shoremen.

The propaganda is said to have been secreted in a shipment of licorice roots, destined for a tobacco factory at Camden, N. J.

The agents will remain on board until the cargo is unloaded.

About People

The Women's Missionary Federation met at the Second Baptist church for an all day meeting Tuesday. At the beginning of the session a motion was carried to secure a speaker to broadcast missionary stories in order to stimulate interest in missionary work. At noon, luncheon was served by the ladies of the church. At the meeting which followed the luncheon Mrs A. B. Wills, chairman of the home department, presided. The time for the afternoon meeting was "Work Among the Lepers." Dr. H. Cooper spoke of his work among the lepers in India. He stated that a cure had been discovered for leprosy, a medicine called chaulmoogra oil which is extracted from the seeds of a certain Indian fruit.

Miss Dale Ellis, returned missionary from the Philippines, also gave a talk on her work there, and told of the splendid work being done by the American government. She spoke of the leper island.

Miss Katherine Dean gave a vocal solo, "Trusting," and Miss Johnson sang a sacred number, "Amen, Jesus."

Thirty former residents of Malcolm met Tuesday evening at the home of Mr and Mrs. Al Smith, 1231 Rose street, and formed a Malcolm-Lincoln club, which is to meet socially on the second Tuesday evening of each month. The next gathering will be at the home of Mr and Mrs. Frank Davey, 913 South Fifteenth street, February 2. Mrs Al Smith was chosen president of the society and Frank Davey secretary-treasurer.

Major Marcus Poteet of the Nebraska national guard has returned from St Augustine, Fla., where he went 10 days ago as one of the three military representatives from Nebraska to attend the national guard association's meeting. Adjutant General Paul stopped at Chicago on the way home to visit his brother. He will be here Friday.

Placing Of Stop Buttons Ceases For Time Being

Lack of funds has stopped the placing of stop buttons setting up arterial thoroughfares, at railroad crossings and dangerous intersections, Commissioner Duncan said Wednesday. "We have gone the limit and it will be impossible for some time to come, to comply with many requests for buttons at dangerous crossing and intersections," the commissioner said. Tuesday saw the completion of Washington street as an artery from Thirteenth to Twenty-seventh, he announced.

The coming of the cold weather of the last few days and Wednesday's snow forced the department to quit work on the dirt streets, which started when the weather moderated recently. More than twenty blocks were smoothed and the gutters cleaned.

Mr. Duncan said Wednesday morning that the milestone marker fund had been swelled to $321 through contributions received in the morning mail.

Trouton Talks to Volunteer Firemen At Alliance Meet

ALLIANCE, Jan 20. — (AP)—Nebraska volunteer firemen began the second day of their forty-fourth annual convention this morning with a business session at 10 o'clock. James E. McGee, Scottsbluff, and John C. Trouton, state fire marshal, were morning speakers. Tonight the annual ball will be held.

Memorial service this afternoon were scheduled for 3:30 o'clock. A program of demonstrations and instructive addresses marked the afternoon business sessions.

Evening Gowns to Be Ankle Length In Coming Season

NEW YORK, Jan. 20.—(AP)—Ankles instead of knees are again coming into style.

Evening gowns during the coming season are going to be ankle length, according to models displayed at the annual fashion show of the National Garment Retailers' association. The lower hem line is confined to evening dress, for sports and afternoon costumes are still dashingly short, most of the models seldom reaching to more than three inches below the knees.

Even though afternoon skirts are still short as ever, the tendency to lengthen them for evening wear is regarded by designers as indicating the eventual passing of the knee length dress.

Sleeves are either very long or very short and tend to be more decorative than last season. Fur trimmings appear on coats and on some of the new capes which are being featured.

Grey and green are the outstanding colors, with pastel shades predominating.

Veterans Go Out To Bag Rabbits For Annual Feed

Spanish War veterans buckled on their ammunition belts and hunting bags Wednesday morning when snow began falling and started out to round up the necessary rabbits for the annual rabbit supper to be served by the ladies auxiliary of William Lewis camp Saturday at Walsh hall.

The camp and auxiliary will conduct joint public installation of officers following the supper, the headquarters of the veterans.

Red Cross To Aid Vets In Converting Of War Insurance

WASHINGTON Jan. 20.—(A. P.)—The American Red Cross today directed its 3,500 chapters to assist former soldiers in converting war term insurance before its expiration July 2.

More than one billion dollars in war insurance has not yet been changed to permanent forms provided by the government, a statement said, while policies totalling $6,000,000,000 have been lapsed.

Gering Will Have Annual Corn Show

GERING, Neb Jan. 20.—(AP)—The date for the first annual Scottsbluff county corn show has been announced for Gering on February 12. It is proposed to make this the first of a regular event.

Twenty or thirty years ago, little or no corn was grown in this section, but with the selection of suitable varieties and proper methods of cultivation the corn crop is gaining much importance. Many yields during the past season have totalled 65 bushels per acre. It is also now established by tests, that the faulty germination reported further east in the state does not apply to corn grown here this year.

COLDS
Break a Cold Right Up with "Pape's Cold Compound"

Take two tablets three hours until three doses are taken. The first dose always gives relief. The second and third doses completely break up the cold. Pleasant and safe to take. Contains no quinine or opiates. Millions use "Pape's Cold Compound." Price, thrity-five cents. Druggists guarantee it.—Advertisement.

CHURCHILL URGES TAX ON BETTING

Chancellor Making Fight For Levy to Meet Deficit By Coal Subsidy.

LONDON, Jan. 20.—(By the Associated Press)—The first cabinet council of the year was held yesterday to make preparations for the new session of parliament, which opens a fortnight hence, and to consider the draft of the king's speech.

It is anticipated that the session will be largely devoted to the electric control and coal questions, but the government's chief concern is finance. David Lloyd-George recently predicted that the coal subsidy would reach L50,000,000 before it was done with.

Chancellor of the Exchequar Churchill, who is faced with the prospect of a budget deficit, is making a strong fight for a tax on betting. In this, however, he is being opposed by other ministers, who shrink from antagonizing the religious section of the electorate by such legislation on betting, being fearful of the result at the next general election.

Treasury officials also oppose a betting tax on the ground that it would be exceedingly difficult to collect. In these circumstances it is considered not unlikely that recourse would be had in some new form of luxury taxes to provide the needed revenue.

Declares Need For Church Program Of Evangelism, Prayer

CHICAGO, Jan. 20.—(AP)—World Salvation is the objective of the world service commission of the Methodist Episcopal church, and world service is designed to save all society to the highest and best, Dr. R. J. Wade of Chicago, executive secretary, told the body at its second annual meeting today.

Bishop Edwin Holt Hughes of Chicago, president, presided, and Bishops E. L. Waldorf of Kansas City, Mo.; F. J. McConnell, Pittsburgh, Pa.; F. T. Keeney, Omaha, Neb., and Edgar Blake of Paris, France, were present.

"The dream of world redemption abides unchanged, notwithstanding a year in which Christian ideals have only partly been realized," said Dr. Wade.

Dr. Wade emphasized the need of an aggressive church program of evangelism, more prayer in the church and home.

St. Paul Merger Hearings To Open On January 25

WASHINGTON, Jan. 20—(A. P.)—Hearings will be held by interstate commerce commission examiners at St. Paul beginning January 25 on a proposal of the Northern Pacific and Minneapolis, St. Paul & Sault Ste. Marie rails to pool their passenger service between the Twin Cities and Duluth, Minn.

The roads are facing increasing competion from motor bus service, their petition, made public today, said, while at the same time the large number of trains they operate are unnecessary. By unifying the service they seek to eliminate waste and duplication.

Radio Expert Says Distant Storm May Be Cause of Static

NEW YORK, Jan. 20.—(AP)—Discussing static, the nightmare of radio fans, Dr. L. W. Austin of the radio staff of the United States bureau of standards, said that a thunder storm in New Orleans or Chicago may affect a radio operating in New York City. He spoke at the annual convention of the Institute of Radio Engineers.

The speaker added the opinion that all static did not originate in thunder storms.

"There is a strong possibility," he said, "that electrical discharges leaping from clouds to higher strata of the atmosphere cause some static."

Kugler Attraction At Sheriffs' Meet

GRAND ISLAND, Neb., Jan. 20—(AP)—John Kugler, notorious as a jail breaker, was a side attraction at the state sheriff's convention here early Wednesday. Sheriff Roberts of David City, stopping over for the night with the prisoner whose most recent attempt was a leap from a train.

Kugler talked freely with the sheriffs, in the convention hall, relating his experiences and expressing the wish that he had originally followed the counsel given him by Sheriff Roberts. The latter and his prisoner left on a noon train for Lincoln.

Druse Rebels Active Again

DAMASCUS, Jan. 20. — (AP)— A force of more than 300 rebels atof Rachelya, today. Simultaneously tacked the village of Hamara, north the village of Carakol Cheikh, near Rachelya, was attacked, but the attempt was repulsed.

During the last few nights there have been no raids by the Druses around Damascus, but the French troops have erected more barricades within the city.

It is reported that Marshal Franchet d'Esperey intends to launch a new offensive against the Druses.

Tells Long List Of Crimes Done to Avenge "Wrongs"

RACINE, Wis., Jan. 20.—(AP)— Police and county authorities today were planning to make a careful check of a long list of crimes which Richard Rogan admitted last night during hours of questioning after he was arrested on a charge of shooting and wounding a passenger on a Chicago & North Shore train Monday night.

Calmly, Rogan told a weird story of using dynamite and bullets to avenge fancied wrongs inflicted on him by a world whose forces he said were ranged against him, according to county authorities.

Murder in the first degree was charged against Rogan for the death of Stanley (Happy) Packamore, 22, who was blown to pieces and killed when his lunch wagon was dynamited here on November 13, 1925.

Malicious firing into two North Shore trains, in which a Chicago salesman was wounded, also was charged against Rogan.

Rogan admitted both charges when arraigned before Court Commissioner Fred Ahgrimm here yesterday. He was bound over to Circuit court for trial.

Governor Suffers Bronchitis Attack

Governor McMullen is ill in bed at the executive mansion with an attack of bronchitis, developing from a cold which he took last Monday. He went home from the annual dinner of the Lincoln chamber of commerce Monday evening and has not been out since. He got up for a while Tuesday morning, but his physician ordered him back to bed, where he will have to stay for two or three days, it was stated by his secretary.

Nearly a year ago, Mr. McMullen was severely ill with tonsilitis for a week or so. He afterward had his tonsils removed and is not threatened with a recurrence of that malady.

The governor is forced to cancel two speaking engagements for Thursday at the state volunteer firemen's convention at Alliance. He hopes to be recovered in time to go to Des Moines next week heading the Nebraska delegation at the corn belt conference to recommend national legislation for agricultural relief.

Autoists Slow to Get New Licenses

But three or four hundred auto owners are getting 1926 auto licenses from the county treasurer each day and A. E. Sutherland foresees a big rush of work about March 1 unless the autoists shop early. His office is prepared to handle many more customers than at present.

The work is twelve days behind last year now and the biggest day's business so far has been $6,000, as compared with the $13,000 record set in 1925.

TO DISCUSS REDUCTION.

PARIS, Jan. 20.—(AP)—The question of the reduction in the number of troops in the Rhineland occupation will be discussed by Premier Briand with Sir Austin Chamberlain, the British foreign secretary, when Sir Austin passes through Paris, homeward bound from Italy, within the next two weeks. Leopold Von Hoesch, the German ambassador, called on Premier Briand last night and raised the question of reduction of the Rhineland troops, as already have been done by his colleagues at London and Brussels.

APPROVE ELLIOTT BILL.

WASHINGTON, Jan. 20.—(A. P.)—The Elliott bill, authorizing the appropriation of $165,000,000 new public buildings, was approved today by the house public buildings committee.

A Cold
Calls for four helps
Apply all at once

You can stop a cold in 24 hours in the right way. Apply that method when a cold first appears, and it does not get a start.

That way is HILL'S. It meets all the requirements. It stops the cold, checks the fever, opens the bowels, tones the entire system. It does this without the ill effects of old-time remedies for colds.

HILL'S is so efficient that we paid $1,000,000 for it. It is so well-proved that millions have come to employ it. Every winter, a large percentage of all colds are being ended by it, and at once.

Get this supreme help. Get it at once. Don't let that cold drift on. You'll find relief tomorrow if you start today. At your drug store.

Be Sure It's HILL'S CASCARA BROMIDE QUININE Price 30c
Get Red Box with Portrait

Freshen Up! Nicest Laxative, "Cascarets" 10c

Don't stay headachy, bilious, constipated, sick! Take one or two "Cascarets" any time to mildly stimulate your liver and start your bowels. Then you will feel fine, your head becomes clear, stomach sweet, tongue pink and skin rosy.

Nothing else cleans, sweetens, and refreshes the entire system like pleasant, harmless candy-like "Cascarets." They never gripe, overact, or sicken. Directions for men, women, children on each box.—drug-stores.—Advertisement.

CO-OPERATION IS REAL NECESSITY

County Attorneys and Sheriffs Would Also Appreciate More Pay.

GRAND ISLAND, Neb., Jan. 20.—(AP)—Closing their two day annual sessions here Wednesday, the Nebraska County Attorneys' association and the Nebraska Sheriffs' association were fast realizing the necessity of increased co-operation between them. More work and increased pay were recommended for the attorneys by Frank N. Prout, former state attorney general and now Richardson county attorney and resulted in the appointment of a committee of five to formulate a plan to raise the county attorney's salary.

M. L. Endres, sheriff of Douglas county, as chairman of the legislative committee, reviewed the efforts of the past year, in regard to salary and mileage for sheriffs and indicated further efforts would be put forth this year to get results desired. Sheriff Endres presided early Wednesday for president William Condit, state sheriff, who was confined at his hotel suffering from a cold.

Next to co-operation of the offices of the county attorney and the county sheriff, William Suhr, county attorney of Hall county, told Nebraska sheriffs Wednesday, was the important co-operation of the press. He emphasized that "the chain is no stronger than its weakest link."

Federal Prohibition Enforcement Officers A. C. Anderson and W. E. Dunigan of Omaha, spoke briefly to the sheriffs Wednesday, whose total attendance Wednesday was given as 65 by Secretary Claude Hensel, of Lincoln.

Ayres President Of Church School Superintendents

John F. Ayres of the Second Presbyterian church was elected president for the coming year of the church school Superintendents club at the dinner and meeting Tuesday evening at the Grand hotel. Dr. M. O. Johnson of Trinity M. E. was chosen vice president and Mrs. John Speer of St. Mark's Reformed recording secretary.

The religious educational value of the Bible story telling contest as conducted in the past was questioned at the meeting and Mr. Ayres appointed a committee to make recommendations concerning the spirit and rules of the contest, and particularly upon the fundamental question as whether competitive effort should be encouraged by the church.

The preliminaries of the contest will be held early in February and the finals before March 1. A new rule prohibits any person who won first place in any division last year from competing in that same class this year. High school students will also be given a choice of a Bible oration or writing and delivering an essay on some subject related to religious education.

The secretary gave a resume of the club's work since its organization in October, 1924, including the Institute of November, 1924, the story-telling contest in the spring of 1925, the enlarged and better financed vacation Bible school program of last summer, co-operation with the Y. M. C. A. in promotion of father-and-son activities and the standard training school of last week. Sixty-seven names are now on the mailing list and in the life of the club forty different churches have been represented at meetings.

Takes Poison In Quarrel Over Man

OMAHA, Jan. 20.—(AP)—Mrs. Irene Fann, 30, took poison last night as the aftermath of a dance hall altercation with another woman over Mrs. Fann's escort. Police surgeons said she will recover. She has three small children with a sister at Little Sioux, Ia.

Aged Woman Recluse Dies After Living 20 Years In Attic Of Her Boarded-Up Park Ridge Home

CHICAGO, Jan. 20.—(By the Associated Press.)—For a score of years, Mary E. Sterling French, aged recluse, lived in the attic of her boarded up and tumbledown house in Park Ridge, a suburb, where residents told stories of seeing a ghost, clad as a bride, moving about with a lighted candle. She left and entered by a ladder, drawing it up after her.

She died January 6, leaving three wills of clashing provisions, safety deposit boxes in which $30,000 in securities have been found, tax receipts for property in Massachusetts and papers indicating she may have possessed a fortune.

Weirdest of her legacies were two gravel-like mounds, each marked with a stick with a tea cup over the end, in the back yard. The police will dig into these, hoping to find something to shed light on the disappearance of her husband nineteen years ago.

House Boarded Up.

It was after he left that she had the house, in which she lived twenty-nine years, boarded up. The rooms downstairs were left exactly as they had been twenty years ago. Furniture was undusted and in a bed chamber a man's coat and vest and a straw hat, seemingly thrown aside as if they had just been discarded, were found, covered with mould.

The story of Mrs. French, long the mystery of Park Ridge, was told as far as he knew it, by Edward Ostronski, an attorney, and printed in a copyrighted story in the Herald and Examiner today.

Ostronski appeared the day Mrs. French died at the home of John Dahlman, a neighbor, and announced that he was the executor of the estate. The body was whisked away to an undertaker's in Chicago.

Finds Stocks and Bonds.

A petition and inventory fixed the potential value of the estate at $1,500, but inheritance tax officers, with Ostronski, found Liberty bonds and stocks valued at $30,000 in a Chicago bank. Another safety deposit box in a Park Ridge bank has not been opened.

Ostronski said he met Mrs. French through the Dahlmans about a year ago. She asked him to draw up a will for her last December 22. But when the safety deposit box was opened two others were found, one drawn in 1887. They willed the estate to Mary E. French, who, the police said, was Mrs. French's foster mother, who died fourteen years ago, and beside whom Mrs. French wished to be buried.

Thought Officer Beckoned Her To Pass Traffic Sign

When should an officer smile and when should he frown? That was the issue in Municipal court Wednesday morning when Miss Frances Jacques appeared on a charge of violating a school stop sign. She was arrested by Officer Gross.

"I saw the officer smile and raise his hand," said Miss Jacques in defense, "and I thought he was beckoning for me to go on, so I did not stop at the school signal."

Officer Gross arrested Miss Jacques at Fifty-second and Normal boulevard, he said. She passed the school stop sign at the west end of the block and the officer stopped her in front of the school, according to Gross. Through her attorney the young woman pleaded not guilty.

"Do you remember smiling at this woman? the officer was asked.

"I might have smiled," he replied. "Sometimes I do when I make an arrest. I held up my hand for her to stop."

Acting Municipal Judge W. A. Hawes could not "conceive an officer inducing anyone to violate a traffic ordinance," and Miss Jacques was fined $10 and costs. Notice of appeal was given.

Officer Gross says he is puzzled. Last week he arrested a man for violation of a traffic ordinance, and the autoist suggested to the court that officers be more pleasant and courteous when making arrests.

Night Cough Banished!

Three minutes after sipping a few drops of Lee's Creo-Lyptus, your throat is soothed and relieved. Healing fumes penetrate all air passages—soothing irritated membranes, destroying cold germs. "A Throat and Lung Antiseptic." Wards off pneumonia. Try this sure relief today—the perfect emulsion of Creosote, Eucalyptus and Pine Tar. Only 50 cents a bottle, at all drug stores.

Lee's CREO-LYPTUS

Final Cleanup Men's Suits & O'Coats

Announcing our final cleanup sale of men's winter suits and overcoats. Prices are from 25 to 40 per cent below our regular prices. The greatest offer we have made this season.

$18 $23 $28 $33

Included in these lots are suits which have sold at prices as high as $50.00. Including serges, cheviots, worsteds and unfinished worsteds in the new popular colors. Sizes to 46. Our entire line of winter overcoats is divided into these four lots.

Shoe Cleanup

Men's Shoes $3.95
One lot of men's shoes including several lasts and tan, brown and black colors. Genuine bargains.

Boys' Shoes $1.95
Boys' shoes for school or play. Solid leather soles. Long wearing shoes. Specially priced for clean-up at $1.95.

S. & H. Green Saving Stamps.

Woman to Go With Exploration Party Into Belgian Congo

NEW YORK, Jan. 20.—(AP)—Three groups of Americans, including one woman, will make a joint exploration trip into Africa within the next four months to gather material for the American Museum of Natural History. Carl Akeley, with his wife, will leave this country January 30.

Later in Africa they will be joined by one party including George Eastman, kodak manufacturer of Rochester, N. Y.; Daniel B. Wentz of Philadelphia; Dr. Samuel Pomeroy, and another including William B. Leigh and Arthur C. Jonsen of New York.

Mr. Leigh and Mr. Jonsen, both landscape painters, will sail in February and Mr. Eastman and his party, Mr. Akeley said, would sail in March. The Akeleys will enter Africa at Mombassa on the east coast and go to the Kenya colony. After the other two parties have joined them the expedition will proceed into the Belgian Congo.

THE PROSECUTORS SPEAK OUT.

No theme has furnished more fireworks for the annual meeting of the Nebraska County Attorney's association, in session at Grand Island the last two days, than the parole law.

It was denounced by the president of the organization, County Attorney Bert M. Hardenbrok, of Ord. It was flayed by County Attorney Beal of Douglas. Almost without exception, the men who have the responsibility of enforcing law in the various counties of this state agree their task is made more difficult as a result of the indeterminate sentence law and the parole system.

There is a significance in this expression of sentiment which should not escape attention. It is the duty of the public prosecutor to investigate all criminal matters brought to attention before instituting proceedings. He is and should be as much concerned in seeing that no innocent man suffers as that the guilty shall be punished. His experience, if the collective evidence is to be accepted, has been that the parole system has been the tool of the habitual criminal.

Mr. Beal gave particularly striking testimony in this particular. He recalled a meeting of the parole board which he attended some years ago when an applicant for clemency appeared before that agency. After listening to the story which the prisoner told, Mr. Beal said he was convinced the county attorney who had brought the prosecution had committed a terrible injustice against the supplicant and should have been removed from office. To his surprise he found upon investigation that he himself had prosecuted that case. The story before the parole board was so different from the evidence brought out at the trial and from the original story told by the prisoner that Mr. Beal did not recognize the case. In the particular case a voluntary confession had been made and the prisoner had taken the officers to the place where the stolen goods had been cached. There never was a question of guilt and yet the applicant had so skillfully built up his appeal for release that all within his hearing were persuaded a most frightful injustice had been done.

This is not the exception.

The habitual criminal is adept in picturing himself as the victim of society. He is as cunning in arousing sympathy for his misfortunes as he is in plundering his victims. He knows how to play upon human emotions; how to make the most of the forgetfulness and the generosity of the American people. That is as much a part of his business as the lawless acts which he commits. Many of these men have so steeped themselves in their particular philosophy that they believe themselves to be oppressed and wronged. Under the parole system what chance has the public against this type of criminal? Indifferent in the man, most susceptible to any appeal of the "underdog," too busy to find out the real facts—the people have permitted hundreds of men to be turned loose each year from the prisons of this country after they have been placed there at great expense and care, to again prey upon society and to again become a deadly menace to law-abiding citizens.

No single step will go so far towards restoring law to the pedestal which it should occupy as the repeal of the indeterminate sentence law and the abolition of the parole system. Its administration, most difficult and trying at the best, has made a joke of justice and has sown a bountiful harvest of lawlessness and violence. The prosecutors in this state have taken a courageous, sane attitude. The law should be repealed. Its fruits have been more bitter than sweet, even for those it was designed to help.

THE NATURAL FRUIT OF BIGOTRY.

It is entirely fitting that propaganda fostered by an organization calling itself the "Sabbath crusade committee," intended to suppress Sunday newspapers and to stop the operation of Sunday trains, should emanate from Tennessee, the state whose law makes it a crime to propound the theory that the human race had its origin in natural rather than supernatural causes.

Such a movement is strictly in line with the unreasoning religious frenzy of a population where illiteracy has the upper hand. There is no occasion for surprise over the fact that Tennessee's forces, having gained a partial victory at home, should now be demanding legislation by congress to make the whole country conform its conduct to their views.

If the rest of the United States were in the same stage of civilization as a large part of Tennessee, the campaign of the "Sabbath crusade committee" would have some chance of adoption. Many of that state's inhabitants are entirely unacquainted with either Sunday trains or Sunday newspapers. In fact, some of them have never seen a railroad nor taken the trouble to learn to read newspapers. So far as they are concerned, they can get along very well without either, not only on Sunday but every other day. Give them a log shack to live in, with salt pork, cornbread, and sorghum for their diet, and a liberal supply of "corn licker" to wash down the solid food, and they can subsist very comfortably, from their standpoint.

But there are a whole lot of folks in this country who would hardly be satisfied with these conditions of existence. Americans living normal lives, in reasonably progressive communities, like to know something about what is going on in the world outside. They even like to move around now and then and see how their neighbors are getting along. As most of them work through the week, they deem it no great sin to take a trip now and then on Sunday. They see no particular harm in reading a Sunday newspaper, produced by Saturday labor.

Tennesseeans may think they have started something new, but as a matter of fact their crusade is old stuff that New England tried out 250 years ago and then junked. In early colonial days in Massachusetts and Connecticut, people were forced to attend church every Sunday, on pain of being ducked, put into the stocks, or banished from the community. Furthermore, when pestilential disease broke out or the crops failed, it was customary to lay the blame on "witches" and burn them at the stake. In the course of time, as schools, and newspapers multiplied, the colonists outgrew these things. Some of the New England states still have on their statute books many of the old "blue laws" which outdid anything Tennessee can boast, but nobody thinks of enforcing them.

Probably Noah Webster Cooper, spokesman for the "Sabbath crusade committee," imagines himself a modern John the Baptist, crying out for the reformation of a godless world, when he proclaims that the Sunday newspaper is "Satan's ambassador," and that "every one of our 2,500 Sunday trains is hurrying America toward the hell of God's wrath." He is no doubt as sincere as he is ignorant.

However, there are other people just as conscientious and perhaps more enlightened who hold different opinions. Tennessee may do as it pleases, but the people of the United States are not going to let this country be thrust back into the 17th century.

NEW COURT HOUSE NECESSARY.

The probability that the office of the county attorney will be moved back to the court house at the end of the present term calls forcefully to the attention of the public the fact that that building is already overcrowded and that there is no room in the structure for properly housing another official and his assistants.

A new court house will become an absolute necessity within a very short time and taxpayers may as well make up their minds to that fact at once. The suggestion that the second floor be still further cut up and subdivided is scarcely to be taken seriously, for the court rooms are already as small as they should be, taking into consideration lighting and ventilation, which are absolute essentials in rooms used for such purposes.

The present court house was built forty years ago, is obsolete and unfitted for a county of the population and wealth of Lancaster. Besides being inadequate in size, it is unsuitable in practically all other ways. All departments are crowded and officials and their assistants are compelled to transact business in quarters and with equipment not conductive to the best service or in a manner satisfactory to themselves or the public.

Three rooms will be required by the county attorney and his assistants. Where are they to be obtained? The county treasurer is at present without sufficient space in which to carry on the business of his office to the best advantage and there is every reason to believe that he will shortly require still more room. This is certain to be true should he take over the collection of city taxes, which will in all probability be the case within a comparatively short time. In fact no officer in the building has a surplus amount of room and most of them have insufficient space.

But bad as are conditions in the court house, they are immeasurably superior to those to be found in the jail, which has been a disgrace to the county for the last quarter of a century or longer.

The thing to do is to begin right now making preparations for the erection of a proper court house and jail combined, a structure which will permit the transaction of the public business in the manner and under the conditions such business should be transacted and at the same time provide adequate jail facilities. The longer this matter is postponed the worse conditions will be. The old buildings are antiquated and unsatisfactory in every other way, even though they were sufficiently spacious. As it is, a new building is an imperative necessity.

THE GENTLE GAME OF GOLF.

Bobby Cruickshank of Chicago is reported to have lost a chance to tie MacDonald Smith for the championship in the Texas open tournament at San Antonio last week because of the noisy chatter of a fellow golfer, "Wild Bill" Mehlhorn.

Golf is supposedly a gentleman's game. All sport should be for that matter. But the time-honored traditions of the ancient game are supposed to appeal to the highest instincts of the players. No referee follows a golfer on his round. He knows his privileges and his restrictions. Only his high sense of honor will prevent him from doing that which is dishonorable and unsportsmanlike.

Mehlhorn is reported to have shouted when Cruickshank set himself for the putt on the final green. When reproved for his unseeming conduct by an official of the club, the Chicago professional is reported to have retorted: "Aw, what do you know about machinery." If the facts have been correctly given in the press dispatches, Mehlhorn should be debarred from participation in future tournaments in this country. Conduct such as he is reported to have been guilty of is a disgrace to any branch of sport. The Texas incident must be a source of deep humiliation and shame to the Chicago club which he represents as a professional.

As a matter of fact there are many indications that the American people have lost their sense of proportion and fairness in many branches of sport. The Helen Wills incident at the last national tennis tournament rankles most deeply when this magnificent girl quit the court in tears after certain boorish elements in the galleries had booed her for something quite beyond her control. And then there was the Fournier incident in Brooklyn when the sterling first sacker of the Dodgers threatened to quit the club because he could not retain his self-respect and at the same time take the razzing which the bleachrites handed him. Outdoor sports provide a splendid page to American life but it will be marred unless those who participate and those who comprise the spectators come to realize its true purposes and objects.

FOR THE BENEFIT OF A FEW.

But nine states in the union will derive any considerable benefit from the repeal of the federal inheritance tax, a provision inserted by the senate committee in the revenue bill now pending in congress. Compilations show that 80 percent of all of the taxes collected under the federal inheritance tax law come from these nine states—New York, Pennsylvania, New Jersey, Massachusetts, Illinois, Michigan, California, Connecticut and Ohio. The total collections are in excess of $100,000,000 annually, or approximately a third of the total tax reduction sponsored by the secretary of the treasury and generally accepted by the members of congress.

The huge fortunes upon which these taxes are levied are national in character. They did not spring into existence solely through the contributions of the people of these nine states. The people of Nebraska helped build them. Iowa and Kansas and all of the other states in the union contributed to them. It is only right and proper that the people of these states should likewise share in the taxes collected from them.

In this effort to lighten the tax-burden of the people of America, there is sardonic humor in the proposal to repeal the federal inheritance tax law. A more vicious, a more unjust, a more highly sectional propesal was never placed before congress. The wealthy people of New York are relieved of $34,000,000 of taxes, which arise in part because of accumulated riches from the contributions of Nebraska citizens. This state has its load lightened to the extent of $500,000. The people of nine states are freed of the necessity of contributing $80,000,000 annually to the treasury, which under the theory that taxation should be based upon the ability to pay, is a just tax. The citizens of thirty-nine states are given a reduction of $20,000,000 annually under the provision of this bill.

Is that equitable tax relief?

One of the things this country needs most is more crooks' tours to Atlanta and Fort Leavenworth.

When you hear a woman saying that she hopes longer skirts will soon be in fashion again, it is needless to look to see whether she has trim ankles.

Diet and Health
By Lulu Hunt Peters, M.D.
Author of "Diet and Health" and "Diet for Children"

DIETETIC SINS.

Are there any combinations of foods which will produce fat and are there any combinations of foods which will actually consume fat?

The answer to the first question is: Yes, there are. If the foods combined are concentrated foods (high in calories) and during the day you consume more than you need for your activities, then you can say these combinations are going to produce fat. But the combination itself is not the fattening factor.

The answer to the second question is emphatically NO! There are no combinations of food that will actually "consume" fat. You read such statements in advertisements of certain systems of reducing, and while this advertised system may be good, the advertisement is false and misleading.

You can reduce on a diet of white bread, potatoes, fats and sugars; compared to other foods they are high in calories and justly have the reputation of being highly fattening foods. However, if on a diet of this kind, you did not have enough of the foods during the day for your energy and heat needs, you would reduce on it. But, of course, such a diet would be unwholesome both for reducing and for general health because it is deficient in mineral elements, vitamins and protein.

You must know this: that all foods are fattening, if they happen to be more than the system needs. Some foods are much more fattening than others. Most certainly they are: The same weights of concentrated foods such as sugars and fats are much more fattening than the watery foods such as the vegetables and fruits, but measured by their energy values, 100 calories of lettuce (approximately 16 ounces) is just as fattening as 100 calories of butter (approximately one-half ounce, or a level tablespoonful). The reason we have to have a standard unit such as a calorie, for measuring the energy values of foods, is that we cannot measure that value by bulk or weight.

You will probably lose weight without paying any attention to calories, if you cut down markedly on your favorite articles of food, but do not think that you can cut these down markedly and consume enormous amounts of the less fattening foods—because, let me repeat, there is no food that is not fattening if it is more than the system needs.

Most of us who are overweight have some particular dietetic sin. Excessive bread and butter, candy, rich desserts and gravies, are not the most common of the sins. This is commonly known, and the questionaire I sent confirmed this. Eating between meals and tasting while cooking make the calories mount up. What is your dietetic sin? Track it down.

Speaking of sins, I had better include something of alcoholic drinks. They do have energy or caloric value, especially to one who is inclined to "put on" weight. For instance, the beer drinking peoples are notoriously overweight. Of course, alcohol also acts as a drug if taken in more than very moderate amounts, and thus may nullify its action as a food.

WARNING! Alcohol if taken daily, even in moderate amounts, is a direct irritant of the blood vessels and is one of the great causes of hardening of the arteries and subsequent high blood pressure with its disease followers. It is positively known that alcohol can injure the germ plasm and children born drunken parents may be mentally as well as physically weak.

The Threat of An Ice Age

BY GARRETT P. SERVISS.
Noted Astronomer and Writer on Scientific Topics of Popular Interest.

"Donald McMillan thinks the ice cap of the northern polar region is coming down upon us. He says the Esquimaux are sure that valleys formerly grassy are now filled with glaciers. A Harvard geologist thinks this sporadic, and that most of the valleys show a tendency toward warmth. I have seen it stated that fish from southern waters are coming to Norway. What do you think of the tendency? Are we half way between movements of the pole that at one end bring the ice upon us, and at the other great warmth; and if so which way are we tending?"—D. G. H. Warren, Mass.

Nobody has yet succeded in settling the great problem of the glacial ages to everybody's satisfaction, nor perhaps to his own. Sometimes the astronomical theory is in the ascendant, and sometimes the geological. There are also what may be called solar and atmospheric theories.

The astronomical theory ascribes the periodical advance and retreat of the polar ice primarily to alternate changes in the relationship of the Winters of the Northern Hemisphere to the aphelion and perihelion points of the earth's orbit. Once every 10,500 years, owing the precession of the equinoxes combined with the revolution of the line of apsides, the northern Winter occurs with the earth at the aphelion (or farther) end of its orbit.

This accentuates the severity of Winter, and when combined with a high degree of eccentricity of the earth's orbit—a phenomenon which repeats itself in periods of hundreds of thousands of years,—it may be capable of bringing down the polar ice into the temperate zone.

The latest coincidence of a high eccentricity of the orbit with northern Winter at aphelion, occurred some 200,000 years ago, and the last glacial age may have been its consequence. But there will not be a similar coincidence for hundreds of thousands of years to come, although about 10,000 years from now when the northern Winter again occurs at aphelion our Winters may be perceptibly colder. At present northern Winter occurs with the earth nearly at perihelion.

The geological theory of the glacial ages ascribes them to alternate elevations and depressions of the continents, arising from disturbances of the equilibrium of the crust, due in part, if not mainly, to transference of weight, such as the denudation of the land and the filling up of seas. When a continent rises, its temperature falls, and vice versa.

The solar theory assumes that, the sun, being a variable star, its alternations of radiant power may possibly have produced the great climatic changes of the past. The atmospheric theory is based on the supposition that the constitution of the air may have been quite different in former times, especially with regard to the proportion of heat-screening vapors, or of dust, contained in it.

But, while much is to be said for all of these theories, no serious scientific support, I believe, has been offered to the apparently popular notion that the glacial ages and other great alternations of climate whose records are to be found in the earth's crust were caused by extreme movements of the earth's axis, even amounting in some cases to a sufficient change to cause the temperate or tropical zones to cross the polar circles.

On the contrary, there is reason to believe that the poles of rotation have been located practically at the same points ever since the earth was consolidated. It is true that a slight variation of the direction of the axis inside the earth now exists, but this is only such as might be expected from the elasticity of the earth, combined with the transferences of surface weight due to seasonal changes. No serious increase of this "wobbling" is looked for, and it can have no effect upon local temperatures, as it is easy to see when you consider that the radius of gyration of the pole amounts to only about thirty feet on the average, for an axis whose radius is 4,000 miles. If a twenty-four-inch school globe had a corresponding amount of wobble, the change of direction of its axis from the mean would not amount to one fiftythousandth of an inch. Compare that with the breadth of the climatic zones as represented on the same globe.

Briefly Told News From The Wires

WASHINGTON — (AP) — Only eleven survivors of the Mexican war remain on the pension rolls of the United States pension bureau, records disclosed Tuesday six of their fellow veterans having died between July 1 and January 1. All of the survivors at 87 or more years old. The oldest is Amasa Clark of Bandera, Tex., whose age is 100.

SCRANTON, Pa.—(AP)— Reiteration of the mine owners declaration that they have no desire to destroy the miners' union was contained in a statement issued last night by Maj. W. W. Inglis, chairman of the anthracite operators' negotiating committee. The statement was issued in reply to allegations made by John L. Lewis, president of the United Mine Workers, in addresses delivered in the hard coal region this week.

Better Than Calomel

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.—Advertisement.

Correct this sentence: "My hat was off and she saw I was bald," said he, "but she tried to flirt anyway."

The Worst Story I Have Heard Today
By WILL ROGERS

The worst joke I heard today was told to me by William F. Fox, jr., of the Indianapolis News. He is on the same paper with Kin Martin's "Abe Hubbard." Now you can't be around old Father Hubbard without having to be pretty comical yourself, and this fox party is right smart, humorist in a state where everybody is one. He sent me some wires to California, but I was up on Mr. Hearst's ranch and didn't get them for a couple of weeks and it was too late then, but I can well remember a couple of the jokes he had in one of them. The worst of the two run something like this.

A theatrical manager was producing a play, and on opening night a very long wait occurred after the second act. The orchestra kept trying to bridge the gap, but the old audience was getting mighty nervous. The producer was sitting down in front, right in the middle, and couldn't get out without being noticed. All at once a loud sawing was heard at the back of the stage. A friend of the manager leaned over and asked him, "What's that Tom?"

"Lord, I don't know, unless they are cutting out the third act."

Now that is William F. Fox; not the movie one that hires Tom and Tony, but the one that is on the Indianapolis News.

NEW YORK—(AP)—The midnight transfer at sea of a mother and her dead son from the liner Southern Cross to the line Pan-American caused the former ship to dock several hours late yesterday. Marmo de Conde, 9-year-old son of Mme. Juana de Conde, died of heart trouble while he and his mother were bound for New York from South America on the Southern Cross. Mme. De Conde, who was coming to New York to be correspondent for La Nacion a newspaper of Rio de Janerio, insisted that she be landed or transferred to a ship which would take her back home.

National THRIFT WEEK

National SHARE WITH OTHERS DAY	Sunday January 17th
National THRIFT DAY	Monday January 18th
National BUDGET and ECONOMY DAY	Tuesday January 19th
National LIFE INSURANCE DAY	Wednesday January 20th
National OWN YOUR HOME DAY	Thursday January 21st
National SAFE INVESTMENT DAY	Friday January 22nd
National PAY BILLS PROMPTLY DAY	Saturday January 23rd

Lincoln people have already learned the lesson of saving consistently for long periods of time Their bank deposit records show that But now a week has been set aside for promotion of saving, a Thrift Week which should give every single person, no matter how old, the incentive to start a account or to add substantially to deposits already made

Nebraska, to be sure, has more than 400,000 savings bank depositors—a far greater number than Kansas, Colorado or Oklahoma Money credited to those 400,000 savers is nearly a quarter of a billion dollars, an amount millions greater than any other state in this district can boast Yet there is ample time and opportunity to expand Only one in five persons even in this state has a savings bank book

A savings account is no longer a luxury It's a necessity Just as electricity, running water, automobiles have outgrown the stage of being possessions of the rich, so have bank accounts Saving for a rainy day is a business asset, a moral asset, and a necessity of modern life

Every opportunity will be given during Thrift Week to display a real and permanent understanding of thrift by bank facilities and by merchandise offerings that enable one to save Thrift by spending well and wisely, thrift by saving regularly though not stingily is the goal now in sight for Lincoln citizenry

Why be a Sheep---

With Your Money

"I'll ask my banker," "I'll consult a reliable investment house," say the real investors. And each year they receive millions of dollars in interest at fair rates on safe, sound securities.

$1 Starts A Savings Account

"Everyone must learn to save at least a part of his income The regular saver always has the wherewithal to take advantage when opportunity knocks."

THE DIGNITY OF THRIFT

The man who saves his money shows respect for himself and for the work of his brain and hands. There is dignity in thrift—there is independence and escape from the fear of want Other things being equal, the man, woman or child who saves steadily is the happier for it and more valuable to the community.

Our Modern Investment Plan helps you to become thrifty and enables you to invest while saving.

Dempsey and Tunney to Clash in New Jersey Ring

RICH FIGHT PLUM GOES TO RICKARD

Promoter Tex Fixes Things Up For Dempsey-Tunney Bout Next July.

Glove Champion Gives O. K. To Terms; Jersey City Scene of Battle.

NEW YORK, Jan. 20.—(AP)—The Evening Telegram today says that negotiations are nearly completed for a heavyweight championship match between Jack Dempsey and Gene Tunney in July at Boyle's Thirty Acres, the Jersey City arena controlled by Tex Rickard.

Crediting its information to a "reliable source," the Telegram says that Dempsey gave his "verbal promise to Mayor Hague of Jersey City and Tex Rickard over the long distance telephone last week, after previously talking with Billy Gibson and Gene Tunney at Miami, Fla."

"No contracts have been signed," it goes on, "but every detail has been mutually agreed upon and official announcement only is being withheld until several important angles are straightened out. In the event of Dempsey failing to live up to his agreement to box Tunney, the promoters will seek to fill in the date with a Tunney-Harry Wills contest."

The date suggested by the paper, July 4, falls on Sunday, so that the fight, if actually in process of arrangement, probably would be held July 3.

Legion Post Signs Ace to Fight Feb. 6

LOS ANGELES, Jan. 20.—(I. N. S.)—Ace Hudkins, Nebraska lightweight, was signed today to box an opponent as yet unselected at the opening of a new American Legion arena in Fresno, Cal., Fe. 2.

Labarba The Favorite.

LOS ANGELES, Jan. 20.—(I. N. S.)—Fidel Labarba, world's champion flyweight boxer, was a 10 to 7 favorite today to win his twelve-round bout here against Clever Sencio, Manila, tonight.

Bantam Champ Well Booked.

NEW YORK, Jan. 20.—(I. N. S.)—Charley Phil Rosenberg, bantam champion, has signed for four bouts in which his title will not be at stake, it became known today. The first of these will be with Georgie Bush in St. Louis, Feb. 9.

Matches with English Johnny Brown at Milwaukee, Pete Sarmiento at St. Paul and Carl Tremaine at Cleveland will follow.

Even Money on Britisher.

NEW YORK, an. 20.—(I. N. S.)—Announcement today that Tommy Milligan, British welterweight champion, was almost down to the limit of 147 pounds caused the betting on his bout with Jack Zivic of Pittsburgh, Friday night to go to even money.

Zivic had ruled a slight favorite because of the impression that Milligan would experience difficulty in making the welter limit.

California Joe Lynch, preparing to make his eastern debut against Bushy Graham, continues to show such impressive form that critics are divided in their choice of the probable winner.

Todd Deprived of Title.

LONDON, Jan. 20.—Roland Todd, the middleweight boxer now in the United States, has been deprived of his championship title by the British board of boxing control. It is alleged that he had refused to accept justifiable challenges during the past three years. The board decided that challengers for the crown could no longer could be kept waiting.

Nine Grid Games On Kearney Slate

KEARNEY, Neb., Jan. 20.—Kearney Normal will play nine football games next fall, according to announcement made today by Coach Fred Fulmer.

She Antelopes with three games with outside teams, Colorado Teachers, Hayes Normal of Kansas and the University of Wyoming. The Colorado Teachers will display their goods at Kearney in the opening game. The Mountain aggregation will play the University of Iowa the following week. The slate:

Sept. 25—Colorado Teachers at Kearney.
Oct. 2—Kansas Teachers at Hays, Kas.
Oct. 9—University of Wyoming at Laramie.
Oct. 15—Wayne Normal at Kearney.
Oct. 22—Nebraska Central at Kearney.
Oct. 29—Hastings college at Hastings.
Nov. 5—York college at York.
Nov. 11—Grand Island college at Kearney.
Nov. 19—Peru Normal at Peru.

Alliance Hi Romps Over Bayard Quint

ALLIANCE, Neb., Jan. 20. — Alliance high scored a one-sided victory over Bayard here last night, 30 to 5.

Last Night's Fights.

At New York—Phil McGraw, Detroit, got the decision over Basil Galiano, New Orleans, 12 rounds; George Courtney, Oklahoma, knocked out Henry Shaw, New York, third round.

At Butte—Dixie Lahood, Butte, and Young Nationalista, Los Angeles Filipino, fought 12 rounds to a draw.

At Omaha—Harry Greb, Pittsburgh, middlegeight champion, given referee's decision over Joe Lohman, Toledo, 10 rounds.

At Boston—Al Mello, Lowell, New England welterweight champion, won a decision over Morrie Schlaifer, Omaha, Neb., 10 rounds.

At Hot Springs, Ark.—Jimmy Francis, New Jersey, defeated Warnie Smith, Oklahoma, 10 rounds.

Langford Said His Fist Would Do As Referee

BY AL DEMAREE.

Sam Langford, rotund black torpedo of the prize ring, is still active in the sport of padded mittens, in spite of some forty years and more or less continuous fistic combat, and is employed as a trainer in the Arcade gymnasium of Chicago, occasionally stepping out even yet for a "league bout."

Langford, born in Weymouth, N. S., about 1886, between 1902 and 1917 engaged in 157 prize fights, scoring 43 knockouts, winning 43, drawing 25, losing 15 and 31 being no decisions. He knocked out Harry Wills, leading present day negro boxer, in 1914, and again in 1916, and fought three no-decision bouts with him in 1917, after losing to the Black Panther in 20 rounds in 1916. He also had draws with Wills in 1914 and 1915. He lost to Jack Johnson in 15 rounds in 1906.

During his early barnstorming days, Langford tells me he was matched up one time when there was no referee on hand. This didn't bother Sam. "Nevah mind," he counseled with the true unconcern of his race. "This ole right fist will be the referee."

At Odell—Odell, 24; Hanover, Kas., 18.

Columbus Quint Beats Seward "Y"; Play Havelock Next

SEWARD, Neb., Jan. 20. — The Columbus Bulldogs defeated the Seward Y. M. C. A. cage team here last night in a fast game, 37 to 32. The Columbus five, undefeated in Nebraska circles this winter, has won 17 games. The Bulldogs will play the Havelock Boilermakers at Havelock next Wednesday. The summary:

Columbus—	Pos.	—Seward Y
Luckinger	f	Rouselle
Eggert	f	A. Severns
Greer	c	Ramsey
Ernst	g	Scott
Miller	g	R. Severns

Substitutes: Seward—McGrew. Baskets—Luckinger 4, Eggert 5, Greer 5, Ernst 2, Rouselle 2, Severns 5, Ramsey 2, Scott 1, R. Severns 1. Free throws—Rouselle 4, A. Severns 2, Ramsey 2, Scott 2, McGrew 1, Luckinger 1, Eggert 1, Greer 2, Ernst 1.

Youthful Golfer On Walker Cup Squad

WASHINGTON, Jan. 20.—(I. N. S.)—When Roland Mackenzie, the capital's 18-year-old golf star, goes to England next spring as a member of the Walker cup team, he will be accompanied by Freddie McLeod, the pro who developed him. McLeod won the American open in 1909.

It was announced today that a group of Columbia club members have raised a fund by private subscription to send McLeod as mentor for young Mackenzie.

Cubs Depending on Irish To Climb Out of Cellar

CHICAGO, Jan. 20.—(A. P.)—The Chicago National league baseball club, the Cubs, have turned to the Irish to recover from their disastrous season of last year and Owner William Wrigley has thrown away the rubber band on the bank roll.

The leader of the Irish invasion is Joe McCarthy, former manager of the Louisville American association team, who will pilot the Cubs this year.

McCarthy brought with him from the Louisville club Maurice Shannon, shortstop, who will fill the gap left by the departure of Rabbit Maranville for Brooklyn.

HITS 'EM FAR AND OFTEN.

Joe Kelly of Toronto, the home run king of the International league last year, was McCarthy's next purchase. He slammed the ball over the fence for thirty round trips last year.

Jimmy Cooney, an infielder, was obtained from St. Louis in a trade for Vic Keen, pitcher.

Howard Fitzgerald, a Texas league outfield prospect, was recalled from Wichita Falls.

As coach and assistant coach, McCarthy has obtained the services of Jimmy Burke, former manager of the Toledo club, and Mike Doolan, once famous as a shortstop for the Phillies.

SEVEN NEW FACES.

These seven—McCarthy, Shannon, Kelly, Cooney, Fitzgerald, Burke and Doolan—are the majority of the new talent infused into the Chicago north side club this winter in the hope of lifting it out of the cellar.

The club today has one of the greatest arrays of young talent for outfield berths in its history. There are a dozen from whom McCarthy may select his regulars.

The infield list also has been lengthened by several new comers, but new pitchers are scarce, as the club already was fairly well fixed in that respect. There are a dozen twirlers from whom McCarthy will select about eight through the season.

SAME TRIO OF CATCHERS.

The catchers include the same old trio—"Gabby" Hartnett, who, as a fellow-Celt, will welcome the visiting Irishmen, Mike Gonzales and Jack Curry.

In short, the Cubs have a wealth of material and a new manager who brought pennants frequently to Louisville in the American association race.

The squad will make the earliest start for the training camp station in major league history, arriving February 14 at Catalina island, off the Pacific coast.

McCarthy has announced he will abandon the mountain climbing workouts of some of his predecessors and expects to bring the squad along slowly into form so that they will not go stale early in the season.

COAST LEAGUERS FEEL THEIR OATS

Western Outfit Gets Frisky Over Recent Switching Of Franchises.

Talk Of Branching Out As Major Loop Frowned On By John Heydler.

BY DAVIS J. WALSH.

NEW YORK, Jan. 20.—(I. N. S.)—There will be a third major league on the Pacific coast only when that territory steps out and gets itself a few more cities of major league caliber, according to John A. Heydler, president of the National league. He added that, if and when this happened, the transition from minor to major ranking would follow automatically.

He made these statements today in discussing the recent scene-shifting of Coast league franchises as a possible step toward the relization of California's dream of "big time" rating.

MATTER OF ATTENDANCE.

Mr. Heydler would not say that this dream was impossible of accomplishment. Neither would he admit that the coast could wish itself into the condition desired. It was a matter of attendance figures, plus the caliber of ball played, he declared.

"It is California's problem to build up its circuit to major league proportions," Mr. Heydler said. "When it does this, there will be no one to stop it from assuming the status of a major league. No one will want to stop it. In fact, no one could do so. The thing is automatic.

CITES CASE OF DETROIT.

"Right now the coast has only two cities of the proper caliber, San Francisco and Los Angeles. Nearly all its fan-population is centered in these two points, and, obviously, no league could assume major proportions under this condition.

"Of course, what may happen in the immediate future, no man can say. Who, for example, could have foreseen the development of Detroit? Ten years ago it was a poor baseball town, judged by major league standards. Now is is one of the greatest in the country."

UNABLE TO DRAFT.

Mr. Heydler seemed to feel that the development of the Coast league might be retarded by its very self-sufficiency. It is a non-draft organization and, while the condition

(Continued on Page Fourteen.)

Cotner Tossers Trounce Zebras In Court Clash

GRAND ISLAND, Neb., Jan. 20. Cotner college drubbed Grand Island college fo rthe second time this season when Coach Parminter's five defeated the Zebras last night, 52 to 20. It was the third conference victory for the Bulldogs.

Tilsley led the Cotner scoring with 18 points. Root scored six field goals for Grand Island. The score:

Grand Island.

Gregory Injured In Auto Smash

OAKLAND, Calif., Jan. 20.—Howard Gregory, former pitcher for the Oakland ball club in the Pacific baseball league and present manager of the Wichita club in Kansas, and William Schmidt, a bathing beach manager of Alameda, were injured in an automobile accident at King City, Monterey county. Gregory was but slightly hurt, while Schmidt was more seriously injured. They are in a King City hospital.

Montana Girl Menke's Bride

Frank G. Menke, sports editor for the King Feature service, New York, a regular contributor to The Star and one of the best known of American sport writers, was married in Great Falls, Mont., last week to Miss Mary Kingsbury.

The wedding was the outgrowth of Mr. Menke's visit to Montana a few years ago to "cover" the Dempsey-Gibbons bout at Shelby.

After the wedding, Menke and his bride left immediately for Vancouver, where they departed for Australia.

Mr. Menke will assume general editorial supervision of the Hugh McIntosh newspapers in the Antipodes. He is to inject American ideas and customs into the papers as far as possible. A few years ago he undertook the same task with success. When he returns to the United States in about six months, he will resume his duties with the King Feature syndicate.

Death Takes Grid Heroes

NEW YORK, Jan. 20.—(AP)—Death has taken two ends of a famous Yale fotball team within a month. Frank Hinkey, one of the foremost wingmen of all time, and John Campbell Greenway, who had to bear the heaviest burden on the defense because opposing teams considered it next to impossible to circle Hinkey's side of the line.

Greenway, who died here yesterday after an operation, was a mining engineer and a veteran of two wars. Colonel Roosevelt promoted him to first lieutenant for gallantry with the Rough Riders at San Juan Hill. For bravery in France, while a lieutenant colonel, he was awarded the distinguished service cross and various French honors.

Greenway, who was 52 years old, played with Hinkey on the football teams of 1892, 1893 and 1894.

He was general manager of the Calumet & Arizona Mining company and lived at Ajo, Ariz.

Four Letter Men On Rokeby Squad

ROKEBY, Neb., Jan. 20.—Rokeby high has four letter men on the basketball squad this year. The veterans are Captain Merrill Loos, Joe Sullivan, Russell Short and Wilbur Miller. Other promising material includes Harold Sullivan, Edgar Short, Ray Peterson and Tom Sullivan.

Supt. Howard D. Bugbee is coaching the team. Rokeby has won three games and lost three this season. Dates for return games with Denton and Roca are to be arranged. Results

Rokeby	14	Raymond	8
Rokeby	11	Walton	3
Rokeby	7	Martel	17
Rokeby	5	Denton	6
Rokeby	8	Panama	10
Rokeby	41	Walton	8

Remaining Games.

Jan. 22—Roca at Rokeby.
Jan. 29—Raymond at Rokeby.
Feb. 5—Hallam at Hallam.
Feb 9—Bennet at Bennet.
Feb. 12—Open.
Feb. 19—Panama at Rokeby.
Feb 23—Hallam at Rokeby.
Feb. 26—Bennet at Bennet.

"Kid" Shortstop Shoves Peck Off Regular Lineup

TAMPA, Fla., Jan. 20.—(AP)—Roger Peckinpaugh and "Muddy" Ruel, veterans of the Washington American league champions, are to be benched this coming season to make room for youth and speed, Clark Griffith, president of the club, announced here.

Charles "Buddy" Myers, who substituted for Bluege last year after the third-sacker sustained injuries, will succeed Peckinpaugh, and Tate will be Griffith's first-string catcher supplanting Ruel, Griffith said.

Griffith does not censure Peckinpaugh because of his errors in the 1925 world's series.

"I think in Myers we have a better player than Peck a better shortstop than any who ever came up to the American league," Griffith said.

Besides benching Peck and Ruel, Griffith said he had other worries. He said several of his prominent players have not yet signed their 1926 contracts. Included among the unsigned is "Bucky" Harris. Griffith believes Harris will sign. He said he talked with him recently and is certain an amicable agreement will be reached.

AGS POINT FOR NEBRASKA GAME

Iowa Farmers Keen to Test Their Basket Skill Against Huskers.

Ames Outfit Shows Class In Recent Two-Game Trip To Missouri.

AMES, Ia., Jan. 20 — Coming through two of the hardest games of the season in great shap, Bill Chandler's Iowa Aggies started preparation for the game with Nebraska at Lincoln next Saturday with a light workout yesterday.

The games with Washington and the veteran Missouri five brought to light one man who will probably be heard of in conference circles from now on. Klinge of Merrill, a running guard from last year's crack yearling team, but used in the last three games as a forward, hit his stride in the 23 to 22 victory over Missouri with three field goals. Klinge's speed and cleverness make him a valuable running mate for Elliott, the Aggie's high point man.

Elliott Clever Floorman.

Elliott, Iowa State forward, is one of the best shots and cleverest floor men seen since the days of "Pinkie" Green. A reserve on last year's squad and hampered for awhile by the short pass game, Elliott has developed into one of the main cogs in Iowa State's clever floor game.

Staver played a great floor game in the invasion of Missouri. Staver and Klinge look like a great combination to use as running mates for the elusive Elliott. Staver played forward on last year's freshman team.

Pair of Excellent Guards.

Miller and Arnold, Coach Chandler's veteran guards, played some of the best basketball in their careers against Missouri and Washington. Both men are masters of the short pass and pivot style of play, while Arnold has been putting the ball through the net with regularity.

The work of Fennema and Captain Anderson at center left little to be desired. Both men played a clever floor game and were about even in scoring ability.

Added attention to foul shooting and offense will characterize the week's work in preparation for the game with the Cornhuskers at Lincoln Saturday.

St. Paul Cagers Win Two Starts

ST. PAUL, Neb., Jan. 20. — St. Paul high school opened the basketball season by winning a 32 to 17 victory over Ord and a 25-11 game at Fullerton.

Captain Blazek ran true to form, being high point man in both games. His floor work together with the play of Davis and Bahensky form the backbone of the St. Paul team. Summaries:

St. Paul—	Pos.	—Ord
Bahensky	f	Rounds
Davis	f	McClain
Blazek	c	Anderson
Lothrop	g	Crow
Kimber	g	Collison

Substitutes: St. Paul—Augustine, Lynch, Rollins. Ord—Hager, Lashmett. Baskets—Bahensky 1, Augustine 2, Davis 3, Blazek 6, Kimber 2, McClain 2, Rounds 4, Collison 2. Free throws—Bahensky 1, Davis 2, Blazek 1, Rounds 1. Referee—Conklin.

St. Paul—	Pos.	—Fullerton
Bahensky	f	D. Greer
Davis	f	Nixon
Blazek	c	Thompson
Lothrop	g	J. Greer
Rollins	g	Cleghorn

Substitutes: St. Paul—Quick, Kimber. Fullerton—Kearney, Rumsey, Anderson. Baskets—Bahensky 1, Blazek 6, Davis 4, D. Greer 2, J. Greer 2, Nixon 1. Free throws—Blazek 3, Davis 2, D. Greer, 1.

Remaining Games.

Jan. 22—Scotia at St. Paul.
Jan. 24—Dannebrog at Dannebrog.
Jan 29—Ravenna at Ravenna.
Feb. 4—North Loup at St. Paul.
Feb. 10—Dannebrog at St. Paul.
Feb 12—Fullerton at St Paul
Feb. 17—Scotia at Scotia.
Feb. 19—Ravenna at St Paul.
Feb. 25—North Loup at North Loup.
Feb 26—Ord at Ord.

Lincoln's Cagers In Trim To Mix With Fort Dodge

The Red and Black basket tossers from Lincoln high staged their final workout at 2 o'clock Wednesday afternoon in preparation for the Thursday evening game with the quintet from Fort Dodge, Ia., Coach Browne announced that his cagers were in condition and should show the visitors a good game. The contest will be held at the Whittier junior high school and will start at 7:30, following a tilt between the Lincoln reserves and the Tabernacle Christian church five.

Stop Itching Eczema

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is the one dependable treatment for skin troubles of all kinds. Ask your druggist for a small size 60c or large bottle $1.00. —Advertisement.

Berger Jipped In League Statistics

When Western league official batting averages were compiled and published last month, Joe Berger, Denver manager and shortstop, was "shorted". The figures announced by Irwin M. Howe, the league statistician, showed that Berger batted only .294. An investigation showed that he had been charged with 100 more times at bat than he really took and that his average was .334. The past year was the eighteenth successive season that Berger has batted above the .300 mark, it is said.

Jake Persists In Breaking Records

NEW YORK, Jan. 20.—(I. N. S.)—Willie Hoppe and Jake Schaefer, past and present world's champions at 18.2 balk-line billiards, will renew their rivalry in a special 1,200-point match, beginning here today. In a recent 1,600-point match between the pair in Philadelphia, Schaefer had a high run of 535 and compiled a grand average of 120.

Eleven major league baseball clubs will train this spring in camps in Florida.

FANS HOWL AT OMAHA REFEREE

Crowd Gives Vent to Sour Feelings When Larrabee Declared Loser.

OMAHA, Jan. 20.—(AP)—Harry Greb, middleweight boxing champion, gave Joe Lohman of Toledo, O., a ten-round lesson in punching and dodging at the municipal auditorium last night in an American Legion fight program.

Greb carried Lohman the full route, never opening up until the final round, when he scuffed Lohman about the ring, but did not seriously hurt him. Greb showed his unique style to a highly pleased crowd.

Bobby O'Shea of St. Paul, 131 pounds, and Harold Plude, of Des Moines, 132, boxed ten rounds to a draw in the semi-final. Plude outboxed O'Shea, but the latter was more aggressive.

Tommy Grogan of Omaha won the referee's decision over Frankie Larrabee of Lincoln in their six-round match. Grogan weighed 127 and Larrabee 130 pounds. Donnie Dundee took a four-round decision from Frankie Conley. Both are of Omaha and each weighed 132 pounds. Frank Gusman, Lincoln, took a decision from Charley Cappelle, Omaha, in four rounds. Each weighed 116.

The verdict in the Grogan-Larrabee bout was roundly booed by the crowd.

Shoptown Quint Grabs One-Sided Game On Y Court

The Havelock Boilermakers last night rolled up the high score of the Y. M. C. A. basketball season when the shoptown crew smothered Company I of the national guard in an Association league game, 68 to 4. The Boilermakers led, 30 -0 at half-time. Hecht and Harrington each caged eleven baskets. Holmes scored ten goals.

Evans Laundry won a 17-13 game from the Lincoln Telephones. Grace M. E. forfeited to the Grace Lutheran in class A of the Sunday School loop. Lutheran Evangelical won a 12-11 game from Trinity M. E. in class B; University Place M. E. No. 2 defeated St. Paul M. E. in class C, 15 to 11. Warren M. E. romped over Grace M. E. in a class D game, 23 to 6.

A THREE DAY COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emlusified cresosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga.—Advertisement.

Pimples

What can I do?

"OH, why can't I have a skin like other girls? Why do I have to have these ugly pimples, blotches and blackheads?

"If I could only find something that would clear up my skin and give me back my soft, rosy complexion, I know I would be the happies girl in the world! What can I do?"

Is that you talking? If it is, you don't have to worry a minute! Just build up the rich, red blood in your body. Then your skin will be as clear and soft as anybody's.

That's what S. S. S. has been doing for generations—helping Nature build rich, red blood! You can build red-blood-cells so fast that the impurities that cause breaking out on the skin hardly get into the system before the pure blood annihilates them—kills them right out—stops them from breaking out through the skin.

And then this rich, red, pure blood feeds and nourishes the tissues of the skin and keeps it looking healthy.

That's all there is to it. Healthy, vigorous red blood such as S. S. S. helps Nature build, makes you healthy all over. It beautifies your skin — drives away pimples, blackheads, blotches, rash, boils and eczema—gives you back your appetite—builds firm, plump flesh and fills you full of new life and energy.

All drug stores sell S. S. S. Get the larger bottle. It's more economical.

Market Quotations

GRAIN MARKETS.

By the Associated Press.

CHICAGO, Ill., Jan. 20.

Although good rallying power was shown by the wheat market today sellers had the advantage the greater part of the time. Snow falls in Kansas and Nebraska were a bearish influence, but milling demand was fairly good, and the world's average supply showed a decrease with the total about 19,500,000 bushels under the aggregate a year ago.

Wheat closed unsettled ⅞@1¼c net lower, corn ⅛@⅜c off and oats ⅛ to ½@⅝c down.

WHEAT—Wheat values underwent an early setback today, owing more or less to talk current that the market had been rapidly working into a strained situation similar to that which prevailed on the last crop. Weakness of Liverpool quotations tended further to influence selling here and to depress prices. Reports were also at hand that the movement of new wheat in Argentina is enlarging and that 18,000,000 bushels will be brought to the seaboard this month. Chicago opening figures, ⅜c to 2⅛c lower, May (new) $1.75⅝@1.76¼ and July, $1.52@1.52⅛, were followed by some further decline.

CORN—Corn and oats went lower with wheat. After closing ⅛ to ⅜c down, May 84⅛@84⅜c, corn continued to sag.

OATS—Oats started ⅛ to ¼c off, May 45⅛@45¾c. Later, the market declined a little more.

PROVISIONS—Downturns in hog values and in grain made the provision market weak.

NEW YORK STOCK MARKET.

By the Associated Press.

NEW YORK, Jan. 20.

The decline in stock prices precipitated by the announcement that the amount of brokers loans would be made public beginning next month was abruptly checked this afternoon when the entire market rallied under leadership of United States Steel common. Short covering operations stimulated the advance, with such issues as American Can, California Packing, Foundtion company, Atlantic Coast Line and Fisher common, selling 3 to 4 points higher.

Heavy liquidation of speculative accounts, presumably inspired by the decision of the federal reserve board and New York stock exchange authorities to make the amount of brokers loans public, unsettled prices in today's stock market. Merchandising shares were the hardest hit. S. S. Kresge broke 50 points to 775, Sears Roebuck fell 4⅞ and Woolworth 3. Recessions of 2 to 3 points were quite common on the General list with placing of supporting orders by powerful financial interests acting as a brake on the decline.

In the early afternoon a strong demand developed for Associated Oil, which was lifted 3 points to a new high record at 53⅜. Trading was in substantially increased volume, total sales in the first three hours running above 1,300,000 shares as against 910,000 in the same period yesterday.

Apprehension over the decision of federal reserve and stock exchange authorities to publish official figures on brokers loans continued to exert a depressing influence on stock prices at the opening of today's market. Selling pressure was exerted against most of the leading rails and industrials, with initial losses of a point or so registered by Chesapeake & Ohio, Du Pont, Woolworth, Foundation Company and Ludlum Steel.

The general agreement of financial leaders that official statistics on brokers borrowings would have a wholesome influence helped to allay speculative fears over this innovation giving the market an opportunity to recover its equilibrium. Short covering and outside purchases to replenish investment lines aided the rally, which, however, did not get under way until a score or more influential shares had receded 1 to 2½ points. As support appeared most of the early losses, particularly in the motor group, were converted into gains and at the end of the first half hour American Can, Baldwin, General Motors, Hudson, U. S. Rubber, American Smelting and Atlantic Coast Line were selling 1 to 2 points above last night's closing. Pressed Steel Car broke almost 4 points and U. S. Steel fell back to 132 before it met support. Foreign exchanges opened steady with demand sterling at $4.86.

Although constructive interests had the benefit of the effect on sentiment of a reduction in the renewal rate for standing call loans from 4½ per cent, they were unable to hold the market against a fresh outpouring of stocks. The strong rally which carried over two score issues from 1 to 4 points above yesterday's final prices, was seemingly availed of for extensive realizing and short selling. Prices of many industrials and specialties went below their early low levels, particularly the equipments.

The closing was steady. Total sales approximated 2,000,000 shares.

New York Poultry.

By the Associated Press.

NEW YORK, Jan. 20.

POULTRY—Alive: Steady; chickens, by express, 27@35c; fowls, by express, 27@30c. Dressed: Firm, turkeys, frozen, 47@56c.

LIVESTOCK MARKETS.

By the Associated Press.

OMAHA, Neb., Jan. 20.

CATTLE—Receipts, 9,000. Again the fat cattle market ruled slow to 15 to 25c lower Wednesday and it looked as if buyers were making an effort to get prices down to a point where the heavy receipts would be at least temporarily cut off. Some choice yearlings brought $10.25 and there was a fair inquiry for canners and cutters, but aside from these specialties, practically everything else ruled slow and unevenly lower. Trade in stockers and feeders was very dull and the movement of comparatively small proportion.

Closing: Fed steers and yearlings uneven, weak to a quarter lower; yearlings about steady; plain weighty steers off most; bulk early sales $8.25@9.25; few loads upward to $9.75; medium weights $10.15; yearlings, $10.25; she stock slow, weak to 25c lower; better grades off most; bulls and vealers steady; stockers and feeders steady; bulk butcher cows $4.75@5.25; bulls $6.50@8.00; canners and cutters $2.75@4.35; bologna bulls, $6.75@5.85; heavy beef bulls, $6.00@6.15; practical veal top $10.50; heavy calves $7.50@8.50; stockers and feeders, $7.00@8.50; short feds $9.25.

HOGS—Receipts, 21,500. Under the most liberal supplies received for some time and bearish reports from the outside prices suffered a rather sharp setback today, amounting to in most cases 15 to 25c, with movement a little slow at the decline. Extreme top was $12.00, with bulk of sales $11.40@11.85.

Closing: Mostly 15 to 25c lower; 300 to 350 pound butchers $11.40@11.60; bulk 200 to 300 pound averages, $11.50@11.90; desirable 160 to 200 pound weights, $11.80@12.00; majority 130 to 160 pound weights $11.90@12.00; top of all weights, 180 pounds down, $12.00; packing grades unchanged; bulk $10.25@10.50; bulk of all sales, $11.40@11.90; average cost Tuesday, $11.77; weight 241.

Wednesday's Representative Sales.

No.	Av.	Dk.	Price	No.	Av.	Dk.	Price
47	364	...	$11.35	61	329	...	$11.50
54	262	...	11.55	75	232	...	11.60

67	149	...	11.90	79	161	...	11.95
50	128	...	12.00				

SHEEP—Receipts, 11,000. It was a rather slow, uneven market in killer lambs this morning with prices ruling weak. Feeders were in moderate number but met with a fair inquiry and held about steady with aged sheep showing no material change.

Closing: Lambs opening 25c lower; bulk fed wooled lambs $14.25@14.50; sheep and feeders generally steady; desirable weight fat ewes $8.00@8.25; feeding lambs $14.25@14.75.

Chicago Livestock.

(U. S. Dep't of Agriculture.)

By the Associated Press.

CHICAGO, Ill., Jan. 20.

HOGS—Receipts 27,000; slow, mostly 15 to 25c lower than Tuesday's average; early bulk good and choice 226 to 300 pound butchers, $11.70@11.90; better grades 160 to 180 pound weight $12.25@12.40; practical top, $12.40 on 160 pounds; odd lots 140 to 150 pound selections up to $12.60; 190 to 210 pound weight $12.00@12.20; bulk packing sows $10.40@10.70; few desirable killing pigs, $12.00@12.75; heavy weight hogs, $11.55@11.85; medium, $11.65@12.10; light, $11.45@12.40; light light $11.25@12.50; packing sows, $10.20@10.80; slaghter lgs. $12.50@12.75.

CATTLE—Receipts 14,000; fed steers trade almost at a standstill, bids sharply lower; Prospects 15 to 25c off on practically all grades excepting a meager supply of desirable yearlings; bulk of quality and condition to sell at $9.00@10.00 mostly; fairly active trade on lower grades on she stock; better grades slow; bulls about steady; vealers steady to strong; outsiders upward to $15.000; packers, $14.50 downward.

SHEEP—Receipts 18,000; fat lambs opening slow; around 25 to 40c lower; early bulk $14.50@15.25; few to shippers upward to $15.40; choice light lambs, held higher; liberal percentage of run strong weight lambs; fat sheep steady; few early sales of fat ewes $8.50@9.00; feeding lambs fairl yactive; several cars $15.50.

St. Joseph Livestock.

By the Associated Press.

ST. JOSEPH, Mo., Jan. 20.

HOGS—Receipts 1,200; market 10 to 25c lower; top, $12.50; bulk, $12.75@12.25.

CATTLE—Receipts 4,500; slow, 10 to 15c lower; bulk of steers $8.00@10.00; cows and heifers, $3.25@4.25; calves, $6.00@12.00; stockers and feeders $6.25@8.50.

SHEEP — Receipts 4,000; slow; tenders lower; lambs $13.75@14.75; ewes, $8.00@8.75.

Kansas City Livestock.

(By U. S. Bureau of Markets.)

KANSAS CITY, Mo., Jan. 20.

CATTLE—Receipts 8,000; calves 1,500; slow, very little done on fed steers, undertone weak; choice 1,260 pound steers on shipper account, 10.25; bulk offerings eligible to sell at $8.00@9.50; she stock steady; fed heifers upward to 8.50; bulk butcher cows, $4.75@6.25; bulls, steady; beef bulls mostly $5.85@6.25; bolognas, $5.50@5.75; veals and calves, fully steady, practically top veals, $11.50; stockers and feeders, dull, weak to 25c lower; liberal supply in second.

HOGS—Receipts 11,600; slow; shipper market mostly 15@25c lower than Tuesday's best time; light lights 25@35c lower; packer trade dull; a few sales lights and mediums fully 25c lower; shipper top $12.30 on 190 pound averages; packer top early $12.00; bulk desirable 180 to 225 pound weights $12.00@12.25; 130 to 160 pounds $12.25@12.50; no strong weights sold; packing sows, $10.50@11.15; stags, $8.75@9.25; stock pigs, 10@35c higher, $12.00@12.85.

SHEEP—Receipts 4,000; lambs, very slow; few sales 25@40c lower at $14.00@14.25; best held above $15.00; choice clippers, $12.90; sheep weak to 25c lower; top ewes $8.50; fed wethers, $9.25.

South St. Paul Livestock.

(By U. S. Bureau of Markets.)

By the Associated Press.

SOUTH ST. PAUL, Minn., Jan. 20.

City Briefs

Weisser Gets Compensation.—An allowance of $15 a week as compensation payments to O. C. Weisser of Lincoln, for an indefinite period until his disability ends, with medical and hospital expenses added, has been made by State Labor Secretary Kennedy against the employer, Harry Holder, and the latter's surety. Weisser was hurt last June, while employed on a residential building job, by a brick falling and striking him on the back of the head, causing a depressed fracture. Temporary compensation was paid up to September 22, and the present award runs from that date.

Capital Stock Increased.—The Peterson-Ryan Clothing Co., of Lincoln has amended its articles of incorporation by increasing the limit of capital stock from $10,000 to $25,000 and changing its name from "Vogue Clothiers," A. C. Peterson is president, George E. Ryan vice president, and R. T. Funk secretary-treasurer. Another increase of authorized capital stock, from $10,000, to $15,000, has been made by the Cambridge Co-operative Oil Co., of which E. B. Kester is president and L. A. Bennett secretary.

New York Sugar.

By the Associated Press.

NEW YORK, Jan. 20.

SUGAR—The raw sugar market was firm, but prices were unchanged early today. A sale was confirmed of 20,000 bags of Cuban to an outport refiner for first half February shipment at 4.18c, but local refiners showed no interest above 4.14c.

Trading in raw sugar futures was less active and while the January position held above the previous close, all through the forenoon on covering, other positions, after advancing 1 point reacted under realizing and trade selling. Midday prices were 3 points net higher to 1 point lower.

A continued good inquiry was reported for refined sugar, with prices unchanged at 5.00 to 5.30c for fine granulated.

SUGAR—Futures closed easy; approximate sales 45,000 tons. January 2.30c; March, 2.46c; May, 2.82c; July, 2.62c; September, 2.73c.

Turpentine and Rosin.

SERVICE RATES FIXED BY BOARD

Commission Sets Amounts Water Right Owners and Renters to Pay.

Yearly rates of 95 cents per acre for owners of water rights under the ditch of the Pioneer Irrigation Co. at Haigler and $1.65 an acre for those who rent water by the season, plus 35 cents to be paid by each class for a specific fund to retire $10,000 of the company's indebtedness, are fixed by the state railway commission in an order just issued.

The present service rates, approved by the commission in 1916, are 50 cents an acre for water right owners and $2.50 for renters. The company, which is in the hands of a receiver, had asked to have the charges increased to $2.92 and $6.13, respectively.

The ditch is 15.8 miles long, leaving the Republican river west of Laird, Colo., and 6.96 miles of its total length is in Colorado, the remainder being in Nebraska. Only Nebraska water users are affected by this order. About 2,030 acres in this state are irrigated, of which 1,050 acres belongs to farmers owning their water rights.

In 1891, when the ditch was constructed, provision was made for 44 water rights. Fifteen of these have been sold in Nebraska and 3 in Colorado. Under contracts that were made, the purchasers were to become owners of the ditch when all the water rights had been sold. The railway commission finds that Nebraska owners now have an equitable one-half interest in the property, and that the company is entitled to earn on the other half of its value.

Should the ditch be sold under receivership in such a way that the buyer would be relieved of the $10,000 debt, the money accrued from the special charge of 35 cents on each user is to be returned.

SENATOR REED PUSHES WORLD COURT ATTACK

WASHINGTON, Jan. 20.—(By the Associated Press). — With adv

All Opportunity Costs Is the Little Bit of Time Spent With These Offers

THE LINCOLN STAR

Classified Advertising

The Lincoln Star is a member of The Association of Newspaper Classified Advertising Managers, which includes leading newspapers throughout the country, and has for its aim the elimination of fraudulent and misleading classified advertising. The Lincoln Star as well as every other member of the Association endeavors to print only truthful Want Ads and will appreciate having its attention called to any advertisement not conforming to the highest standard of honesty.

Ads ordered for seven times and stopped before expiration will be charged for only the number of times the ad appeared and adjustment made at the rate earned.

Special rates for yearly advertising upon request.

Careful attention given to mail orders. Cash in full must accompany out-of-town advertisement.

Advertising offered for irregular insertions takes the one time rate. No ad is taken for less than a basis of three lines.

CLASSIFIED ADVERTISING INFORMATION.

All ads are restricted to their proper classifications and to the regular Lincoln Star style of type. The publishers reserve the right to edit or reject any classified advertising copy.

Errors in advertisement should be reported immediately. The Star will not be responsible for more than one incorrect insertion.

CLASSIFIED ADVERTISING RATES.

Daily rate for consecutive insertions. Count six average words to a line. These special cash rates apply to advertising paid for within seven days after last insertion. Cash rate per line per day:

1 Time ..... .15
3 Times ..... .10
7 Times ..... .08

These offices are open to receive advertisements from 7:00 a. m. to 10:00 p. m. daily. All advertisements received up until 12:30 p. m. will appear in all city editions the same day. All ads received between 12:30 p. m. and 10:00 p. m. will appear in all editions the following day.

25TH ST., SO., 2

Minerva's Mail

TAKE YOUR TROUBLES TO MINERVA

Girls That Forget.

Dear Minerva: I was so pleased with the ideas expressed in the letters of "A Girl of Nineteen" and "Mother's Girl" that I would like to write in my appreciation. Girls of such fine principles are very rare if it is safe to judge by other letters that have appeared in this department.

The fourteen-year old girl signing herself "Brown Eyes" may not realize what a pitiful little dwarfed object she is. I am sorry for her mother and sorrier still for herself. The crop of ideas she has will bear unlovely fruit by and by. If her piano is "full of jazz music and very few hymns" it is because she is giving most of her time to the giving very little thought to God. Her believing in God means very little if she gives Him as little consideration as "lots of jazz and very few hymns" indicate. Her life is shallow like a butterfly's life. She may awaken too late, like the girl spoken of in this story.

I know one little flapper who painted her cheeks and lips, used oodles of powder, and could drink with the best when the bottle was passed around, and rolled her own—in general, she was a good sport and would go fifty-fifty on anything. I found her and a boy, both of whom I liked, bogged down in a mud hole fifteen miles from home, both so near drunk that they hardly realized when I brought them to my house. The hard part of it was that the flapper liked the boy and he was only going with her because she was a good sport. She is married today to a boy she cares nothing for, just because it was a sort of Hobson's choice, because she was jilted. And the boy? When I pinned him down for an explanation he wiggled like a worm on a hook. "Oh, have a heart," he said. "I didn't fool her, she knew I didn't want to marry her. Just let me tell you," he went on, "she is the kind of a girl that men forget when they get ready to settle down and have a home of their own." This from an eighteen-year old boy stunned me, I'll admit, but it's the truth. So, flappers, for your own sakes, mend your ways. The "kick" you are expecting is usually a backhanded one, from a source least expected. — A MOTHER.

No Sympathy Expressed.

Dear Minerva: I just finished reading the letter to you written by "Poverty" and I'm so disgusted with her that I hardly know what to say. Certainly—first of all—she will never get any sympathy from me. The very idea, a child every year. That's what I call the criminal part of the affair. She ought to be ashamed of herself for even harboring such thoughts as giving away her own baby. She needs to think ahead more and see that there aren't any more babies when they have a hard time supporting the two they already have. No, married couple has any business trying to raise a family when they know they can't afford it. Everyone knows it costs twice as much to raise children now as it did ten years ago. — DISGUSTED MOTHER.

Likes Our Mail.

Dear Minerva: I have been a silent reader of your Mail for some time and think you have lots of good sense and answer some of those silly questions just about right. I would like to shake hands with a "Girl of Nineteen" and a "Boy of Twenty-three."

I read the letters from "Interested" and look every day for a letter from someone who does think capital punishment is right. Those who do I wish would read the sixth commandment and Matthew 5:38:43 verses.

I am sending the words to song "Whispering Hope", requested by Patty Lou:

Whispering Hope.

"Soft as the voice of an angel,
Breathing a lesson unheard,
Hope with as gentle persuasions,
Whispers the comforting word;
Wait till the darkness is over,
Wait, till the tempest is done,
Hope for the sunshine tomorrow,
After the shower is gone.
Chorus—
"Whispering Hope, Oh how welcome thy voice,
Making my heart in its sorrow rejoice,
Whispering Hope, oh how welcome thy voice,
Making my heart in its sorrow rejoice.
Second verse—
"If in the hush of the twilight,
Dim be the regions afar,
Will not the deepening darkness
Brighten the glimmering star?
Then when the night is upon us,
Why should the heart sink away,
When the dark midnight is over,
Watch for the breaking of day."

Operas Presented By Lincoln School Prove Delightful Treat

Lincoln had an unusual and delightful treat Tuesday evening, when the Opera school, affiliated with the University School of Music, presented two one act operas, "The Court Jester," with music by Eleanor Everest Freer and words by Ella W. Peattie, who formerly resided in Lincoln, and "The Legend of the Piper," with music by Miss Freer and words by Josephine Preston Peabody. The performances were given at the Temple theater. Coming in the midst of a season of leigtimate drama, even a brief glimpse of opera is refreshing, and especially is this true when the music is sufficiently lilting and tuneful to have a popular appeal and when the cast, local performers in all but one instance, shows the results of long and careful training.

"The Court Jester" opened the program, and it is the old tragic tale of so much drama, the court jester and the lady of high degree. Albert Friedli has an excellent voice, and he, as the jester, was well received by the meagre audience, as he sang his serenade before the Lady Lucrezia, played by Helen Cowan. The climax of the scene was the jester's death, he stabbing himself when the Lady Lucrezia finds who is the unknown singer who has serenaded her for so many nights, and repulses him. Miss Cowan was a lovely Lucrezia.

An interesting feature at the opening of the seeond scene of this opera was the court ensemble, when a group of graceful dancers appeared before the Doge, Dietrich Dirks, and his daughter. The bright costumes added a gay bit of color to the scene, and the dance was an attractive novelty. The chorus work of the courtiers added to the charm of this scene.

Oliver Smith, who appeared in Chicago in the original presentation of "The Legend of the Piper" was the outstanding figure in the second sketch. Having a rich tenor voice and a clever artistry, Mr. Smith was well chosen for his role, and elicited the response which was his due. Jacbobus, the burgomeiser, Theodore C. Diers, appeared to advantage in his role. A group of children in the cast attracted much attention.

This opera is based on the story of the Piper of Hamelin, who piped the children out of the city, when the burgomeister offered him but fifteen guilders in place of the couple of thousand promised ones. The original is changed, and enhanced in the opera, when even the little lame boy follows the pipings, and a dramatic moment was afforded when the piper waved the forgotten crutch aloft, as he took the children with him.

The casts follow:

Director of opera—Maude Fender Gutzmer.
Dramatic coach—Theodore Diers.
Conductor of orchestra—Carl Frederic Steckelberg.
Organist—Mary Turner.
Harpists and violinists for "The Jester."
—Virginia Mullholland, Dorothy Howard, Valareta Fallen.
Sarabande dances—Trained by Marjorie Barstow.
Costumes—Oscar Lieben, Omaha.
Scenery for "Legend of the Piper"—Carson Scenic Studio, Chicago.

"The Court Jester."

The Lord Pietro, Doge of Venice—Dietrich Dirks.
Lord Ascanio, suitor of Lucrezia—Earl H. Watson.
Massimilliano, jester to Pietro—Albert Friedli.
The Lady Lucrezia, daughter to Pietro—Helen Irene Cowan.
The Lady Marguerita, companion to Lucrezia—Doris Ellingson.
A gondolier, first voice—Verne M. Laing.
A gondolier, second voice—Donald Graham.

Courtiers.

Adelaide Cash, Nellie Fender, Joy Schaefer, Mamie Gebhart, Mrs. Grace Richardson, Maude Bryant, Pearl Ireland Lanham, Frances Jacques, Mary Turner, J. Harry Catlin, Verne M. Lantz, John Culver, Edward Ellingson, C. A. Gambont, Donald Graham.

Dancers in Saraband.

Winifred Mayhew, Loretta Keller, Thelma Doris Deacon, Blanche Martz, Mabel Zimmerman, Alice Wing, Ruth Warner, Sophia Melcher, Edna Leininger, Katherin Costin.

Time and place—Venice the in XVth century.

First scene—Evening.
Second scene—The next morning.

"The Legend of the Piper."

(Cast of Characters)

The Piper, Michael the Sword Eater, Cheat-the-Devil, The Rabbit—Strolling Players, Oliver Smith, Edward Ellingson, Dietrich Dirks, Sophia Melcher.
Jacobus, the Burgomaster—Theodore C. Diers.
Kurt, the Syndic—Albert Friedli.
Peter, the Cobbler—Donald Graham.
Hans, the Butcher—I. Harry Canlin.
Axel, the Smith—Verne M. Laing.
Anselm, a young Priest—Donald Graham.
Old Claus—John Culver.
Town Crier—Earl H. Watson.
Jan, Hansel, Ilse, Trude, Rudy, children—David Bianchard, Katherine Costin, Carol Turner, Mabel Zimmerman, John Evans.
Other children—Ann Estelle Turner, Wendell Fee, Betty Mallat, Dorothy Storer, Turner Wilmeth, Clarence Frey, Louis David Lanham.
Veronika—Helen Cowan.
Barbara, daughter of Jacobus—Elizabeth Coleman.
Wife of Hans—Mrs. Grace H. Richardson.
Wife of Axel—Mamie Gebhart.
Wife of Martin—Maude Bryant.
Old Ursula—Margarette Ziegenbein.
Wife of Peter—Joy FF. Schafer.
Townswomen—Pearl Ireland Lanham, Mary Turner, Frances Jacques.
Scene—Hamlin on the Weser.
Time—1248 A. D.

Re-elect Officers Continental State

The annual stockholders' and directors' meeting of the Continental State bank was held Tuesday afternoon. All officers of the organization were re-elected as follows: William Seelenfreund, president and cashier; F. B. Sidles, vice president; B. B. Helmick, vice president; Edward A. Becker, jr., assistant cashier. Directors: William Seelenfreund, B. B. Helmick, F. B. Sidles, R. M. Wall, Earl Coryell, and E. M. Warner.

The year past was considered a very profitable one, officers of the bank stated, and prospects for continued good business in 1926 were said to be promising.

LENINGRAD—(AP)—Preventive serums against blood poisoning, erysipelas, puerperal fever and other ailments have been discovered by Dr. Sergus Zabolodny, professor of bacteriology at Leningrad university, says an announcement by the university, in preparing his serums, Professor Zabolodny uses what are described as "aromatic bacteria." These are said to possess the property of dissolving albuminous substances in the body.

BEAUTIFY IT WITH "DIAMOND DYES"

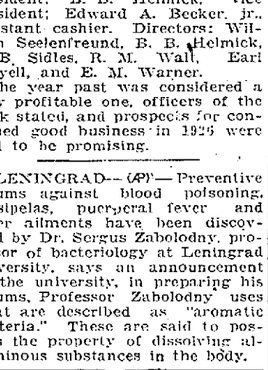

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.—Advertisement.

"Looks Ahead"

MISS. ROSE CORMAN

"When I see an older woman with youthful, unlined complexion," says pretty Miss Rose Corman, 907 N. Seventh St. Philadelphia, Pa., "I'm determined mine's going to be that way, too. I've already found that Black and White Cold Cream's marvelous for ironing out the crow's feet even young girls are apt to have these strenuous days, and for keeping my skin soft, smooth and lovely in all weather."

Black and White Cold Cream softens and feeds the skin, furnishing just the right nourishment without clogging the pores, and keeping it firm, supple and alive. You can get this soft, luxurious cream from dealers everywhere for 50c and 25c a jar.

You can always get best results by using Black and White Skin Soap along with the Black and White Beauty Creations.

BLACK AND WHITE Beauty Creations

OVER 12 MILLION USED A YEAR

Women's Allure

no longer imperiled under hygienic handicaps—new way offers true protection; discards like tissue

FRESH, charming, immaculate under ALL conditions. Sheer gowns worn without a second's fear, any time, any day!

If you seek this added charm, stop employing old-time "sanitary pads," insecure, uncertain.

Eight in 10 better-class women now employ "KOTEX"—a new way, 5 times as absorbent as ordinary cotton pads.

Absorbs and deodorizes at the same time, thus ending ALL danger of offending.

You discard it as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it without hesitancy at any drug or department store simply by saying "KOTEX."

In fairness to yourself, try this amazing way. Costs only a few cents. Comes twelve in a package.

KOTEX

"No laundry—discard like tissue

COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray streaked and beautifully hair dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients. It is known as Wyeth's Sage & Sulphur Compound and can be obtained at all drug stores for only 75 cents a bottle.

While gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu," Grippe, or even worse, Pneumonia, unless you take car of it at once.

Rub Musterole on the congested parts and see how quickly it brings relief.

Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster; does the work without blister.

Rub it on with your finger tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

Jars & Tubes

MUSTEROLE WILL NOT BLISTER

Better than a mustard Plaster

Bi-Motor Planes Needed for Mail, Experts Decide

CHICAGO, Jan. 20.—(AP)—The technical committee of the National Air Transport, Inc., concluded last night after a day of deliberation that new commercial airplanes must be developed with more than one motor. Engine trouble with a single engined plane, such as are now used, members said, would spell certain disaster in some territory.

C. T. Ludington of Philadelphia, chairman, said the committee was agreed that the aeronautical industry must come to multi-motor airships over mountainous and dangerous territory, but that the efficient multi-motor ship for air mail use had not yet been perfected.

The committee will recommend that the executive committee request eight standard manufacturers of aircraft in the United States to concentrate their research on the multi-motor ship.

Anthony Fokker of Holland, appeared at the conference and explained his existing three-engine plane with capacity for more than a ton. The committee decided it was too large, though Mr. Fokker said the air mail service would need planes carrying a ton each in less than two years.

HIGH SCHOOL NOTES

Leon Lardmer, Sarah Jane Johnson, and Richard Jewett have been selected to fill Advocate board positions for the coming semester. Leon has been chosen to fill Archie McMillen's shoes as managing editor. He is present advertising manager of the paper and a member of the band and orchestra. Sarah Jane Johnson is the present associate editor and will be advanced to news editor. Richard Jewett is a new student at Lincoln high but has been highly recommended by the commercial department for business manager. The advertising manager for the coming semester has not been chosen. Helen Day is the retiring news editor.

Because of ineligibility in the cast for the Mummers annual play, "Captain Brassbounds Conversion," other students have been chosen to take their places. The following will probably take parts in the play: Carrol Pauley, Eugene Robb, George Gant, Wendell Groth, Hutton Webster, Ralph Trester, Ernest Lindeman and Clinton Ridgell.

Janet Kohn, Lincoln high school freshman was among the prize winners in the essay contest given by the "Bookman." The subject of her essay was, "Taking My Book Friends Sightseeing." Janet is thirteen years old. Seventeen essays were sent in from Lincoln high school. Janet's prize is the choice of any book she desires.

The sophomores were victorious in the swimming meet held Friday afternoon in the Lincoln high pool. The seniors took second. The final score gave the sophomores 34 points, the seniors, 30 points, the freshmen 17 points and the juniors, 10 points.

Six appointments have been made to the Links staff. They are Helen Day, literary editor; Helen LeRossignol, calendar editor; Ernest Lindeman, staff artist; Vivian Fleetwood, musical section; Lucile Hac, drama department, and Arthur Gardner, staff photographer.

NEW YORK—(AP)—Russian participation in the international broadcasting test next week will be welcomed, it was said Tuesday by the radio week committee. Arrangements will be made to have stations in South America, Canada and the United States try to reach Leningrad and Moscow.

PRETTY HANDS—THEY SHOW EVERYWHERE

No need to hide them or feel embarrassed when they're in use if they are soft, smooth, pretty hands.

Use California lemons—rub the hands with half a lemon, night and morning, if the skin is dry, rough, red or cracked. Note the transformation in a few days.

California lemon juice seems to affect most hands as no other agent can.

It's Nature's lotion, a whitener which millions use today to insure youthful looking hands. Why not take advantage of it?

Begin now to use this method daily. Keep the half lemon handy in a saucer by the sink or wash bowl.

The richest juice, best for the hands, comes from California Lemons. Be sure to get this kind. All first-class dealers sell them. Adv.

—"many, many dentists today recommend Life Savers"

They're safe for tiny teeth

"This is the only kind of candy I like my own children to have," the dentist told the mother.

"These little Life Saver mints are much better for little folks. Try the new Violet flavor. Children love them."

* * *

Every growing child craves sweets. Active little bodies demand sugar. But children's candy must be pure—and they should not overeat.

Life Savers, the little candy mints with the hole (life saver shape), answer this problem in just the right way. They are china-hard and deliciously flavored.

This means that Life Savers are eaten slowly. Children suck them to make those wonderful flavors last longer. Little tummies are not upset. And Life Savers are kind to tiny teeth.

They're safe and wholesome. You may conscientiously be generous with Life Savers for they are the ideal candy for little folks.

Six flavors are displayed at all good stores so you may help yourself: Pep-o-mint, Wint-o-green, Cinn-o-mon, Lic-o-rice, Cl-o-ve and Vi-o-let. Five cents a package.—*Life Savers, Inc., Port Chester, N. Y.*

Good for little tummies
